Senate Agenda 7/9
Associated Students UCSB 76th Senate

Zoom Link

Minutes/Actions recorded by: Sydney Arbolado. **CALL TO ORDER** by Enri Lala, Internal Vice President **at 12:39PM.**
This meeting was called to order at 12:39PM on Zoom by Internal Vice President Lala.

A) MEETING BUSINESS

"Before we begin, we call for students to acknowledge that the lands that the University of California locations were built upon were expropriated & founded upon exclusions and erasures of Indigenous people's human rights throughout California. UCSB is built on Chumash Land, specifically that of the non-federally recognized Barbareno tribe. As an association that pushes the student bodies' voices to the forefront, we should aim to make strides past just acknowledgment to those who continue to fight for their right to be recognized & respected as the original stewards of this land. I ask you all to dedicate time & care to personal education & to advocate for justice alongside Indigenous peoples."

[1:30]

Speaking agreements:

"You have three minutes to speak, with three minutes for Q&A. Please state your name, pronouns, and enunciate, but refrain from yelling. Speculation of a Senator's intentions is prohibited and may result in you being removed from the ability to speak on the floor. Please know this meeting is being recorded. You may speak on any issue, whether it is on the agenda or not. Please include a content warning if it will be graphic. You may only come up once, and you may choose not to answer questions."

Hannah Rott (she/her)
(12:57PM)

- Editor in chief of WORD magazine
- Thank you for letting us speak today in public forum
- Appreciate being here
- Wanted to talk briefly about WORD
- WORD gave me community, joined 2nd year, talented writers and artists
- Gave me purpose
- Put journalism on my radar
- Been able to mentor students
- WORD magazine is a part of IV arts
- IV arts is supposed to receive a fee from AS
- This fee was transferred to a campus fee last year
- However, AS still has funds in its account leftover for IV arts
- We'd like that to be transferred over
- That includes support for Magic lantern films, WORD magazine, Nuestra Vos, and IV Life
- This fund has supported IV arts since 2009
- We want it to be transferred by November 2025

Bryn Merrill she/her
(1:00PM)

- Thank you so much for having me
- Appreciate you guys being leaders on our campus
- Part of IV arts
- Work under director Anna Jensen
- Oversee the programs we fund
- Magic lantern, IV live, WORD
- Help promote the programs
- IV arts has helped me
- Attended the free movies magic lantern offered
- Made friends through word magazine
- Cool to see art on campus
- Work in a business like profession, but still giving back to students through art

- On behalf of IV arts advisory board, we see the fee transferred but see the funds leftover for us, wish for it to be transferred back to us, IV live, WORD magazine, magic lanterns
- Please transfer it by November 1st, 2025
- Appreciate your time, thank you so much

Claro
- I know Anna from work
- I've read the WORD magazines
- Thank you for supporting UCSB, one of the avenues of first amendment rights, freedom of the press
- Do you know which account it's from?

Merrill
- Funds generated from AS lock in fee from IV arts the past two years

Lala
- IV arts, account number 340

Claro
- Thank you

Ly
- Thank you
- Since the money hasn't been allocated, how have you guys been funding it since now?

Merrill
- Allocated from the chancellor
- Through recent budget issues and inquiries with allocating funds to public institutions with organizations that support the arts, we're being cut down from our funding and have to rework our programs and see where else we can get that funding
- Funds from AS are already allocated to IV arts, just need to be transferred
- Was made a campus fee last year
- Still has leftover funds allocated for IV arts
- The stress coming from the chancellor giving money from the state to programs such as ours, with that being an issue, we have to rework our programs, might have to cut back
- Preparing ourselves for the fact that we might not be allocated the same amount from the chancellor
- Seek immediate transfer because we want to continue to promote the things we usually promote without having to cut down on movies, WORD magazine, Nuestra Vos summer program for IV youth

Hannah Massey she/her 1:06PM

- Incoming art director for WORD magazine

Karis Kotschnig

- Managing editor of WORD magazine, happen to be with Hannah right now

Massey

- Want to clarify what these funds would be going for
- Print magazine distributed for free around IV
- Really important to keep this as a print magazine
- Community members have a physical tangibility that they can look back on
- Incoming print costs rising each year
- Very hard to keep our magazine free and available to the public
- Fees would help keep these distributions strong

Karis

- These print magazines are so integral to IV
- Generate excitement and joy
- This funding is supporting these budding journalists and artists
- Artists honing their craft
- So fun to see our names printed
- Supporting future artists and writers, very worthy of these funds

Chloe Sharp she/her 1:09PM

- Magic lantern screening assistant
- Deal with customers directly
- See the feedback and the positivity
- Makes such an impact on our campus
- Walking around, hear people talking about it all the time
- Such great feedback about the movies we show, emphasis on doing variety of films
- Old films people might not have seen, artsy foreign film
- Lighthearted topics, serious topics
- It being free is a huge thing for our students
- Really what draws them in
- Twice a week, it's so important
- People love magic lantern
- My personal feeling, I love seeing everyone smile
- Makes such a big impact on campus
- Free food as well

E) Acceptance of Agenda

Motion to accept the agenda.
Sherkin - Claro
Call to question - Wahidullah
Motion passed at 1:12PM.

Motion to unanimously consent to move into E acceptance of the agenda.
Passed via unanimous consent at 3:00PM.

Motion to accept the agenda as written.
Malhis - Ly
Call to Question - Toledo
This motion passed at 3:00PM.

F) Consent Calendar

G) Action Items

Wahidullah (1:13PM)
- Concise explanation
- RCOs, Stella Polaris
- RCO that supports cultural club on campus
- Time convenience, couldn't pass it last meeting
- Adding it to the agenda now

Motion to amend funding request for Stella Polaris.
Wahidullah - Claro

Malhis
- So this would be retroactive?

Lala
- Retroactively adding the sum there to what was requested

Malhis
- Why are they adding? Did they miscalculate how much they were gonna spend? What happened

Lala
- My initial understanding was that it was moving around funds

Wahidullah
- Simply submitting funding request
- Conflict arose at end of senate, internal conflict

- Realized they had to have more than they originally asked

Malhis
- Fiscal year and quarter has ended
- You'll need a one time exception
- Holly, would that one time exception be for this upcoming year?

Holly Dunn
- You all need to apply it to last year since the event happened last year
- But it'll probably apply to this upcoming year, finance committee isn't here to deliberate
- Bummer for them to use it now since it's beginning of year
- Unless you guys decide to override them and apply it to last year
- I would advise it's applied to this year, where the funding would come from

Lala
- Spoke to Vincent and Michael
- Vincnet said it'll be addressed this week
- Michael said please add it to the agenda
- Would be added to the fiscal year of 2025
- If I'm reading correctly, it means it would come from their upcoming year

Malhis
- Think they've used their one time exception for 2025

Wahidullah
- Apologies
- Didn't believe that in communicating with them, just to help clarify two components of banquet expenses
- Still on the clear of one-time expenses to my understanding

Malhis
- Even if they have the money for it, in order to do a retroactive fund, need a one time exception
- Think Stella Polaris May have used it
- We just need to follow back with them to get a check in
- Would need to do this later

Sussman
- Which account would this be coming from?
- Want to ensure we're still at quorum
- Legal code over summer that says we can't pass anything above 300 during summer if we're not at quorum?

Lala

- We’re at quorum, 13 senators I believe
- The 700 has been approved
- Were chilling on that end
- Have asked both Michael and Vincent to confirm whether the organization used their one time exception last year
- Malhis, would urge you to follow up to ask a question to your predecessor
- Let’s move onto a different section of the agenda

Wahidullah
- Hope I clarified it better, just communicating with Stella Polaris that they have, at least on my end, had some confirmation that this should not be an affair
- Can create a motion to table this to next week

Motion rescinded by Claro.
Motion fails.

Moved back at 2:39PM.

Lala
- Michael has let us know that Stella Polaris has not used their exception for 2025 fiscal year

Malhis
- Yes I did hear that

Motion to grant Stella Polaris a one time exception for FY 2025 in regards to a retroactive transaction for their end-of-the-year banquet event.
Malhis - Wahidullah
Call to Question- Jones
This motion passed at 2:42PM.

Motion to amend the Stella Polaris funding request originally submitted on 5/4/2025 via Fluxx, adding $172.75 to the original $700.00 requested for the End-of-Year Banquet.
Wahidullah - Ly
Call to question -

Malhis
- ***That motion language is incorrect***

Motion to amend the prior motion to “motion to approve Stella Polaris an additional $172.15 to the original $700.00 requested for the End-of-Year Banquet from the Senate Unallocated as a retroactive transaction from FY 2025”

Malhis - Chauhdry
Call to Question - Harter
This motion passed at 2:49PM.

Motion to approve Stella Polaris an additional $172.75 to the original $700.00 requested for the End-of-Year Banquet from the Senate Unallocated as a retroactive transaction from FY 2025.
Wahidullah - Chaudhry
Call to Question - Toledo
This motion passed at 2:51PM.

Point of information
- One motion has a different number

Lala
- Yeah I will fix that
- Wahidullah if you can see which figure is correct

Wahidullah
- It should be point .75 not .15 I apologize

G-2) Old Business
[Debate Time Per Item- 15 Minutes]

H) Recess

Report Speaking Agreement: Pursuant to Senate Standing Rules Section F, clause 5, officers of the Association providing reports, must take questions from Senators relevant to the matter(s) or project(s) presented. Knowing that, do you still wish to give a report?

I-3) Unit Reports [Speaking time not to exceed 10 minutes] -

I-4) President's Cabinet Report-
I-5) Executive Director's Report-
I-6) Executive Office(r)s' Report -

CCO Baden Rosales (1:25PM)
- Appointed a couple weeks ago
- Sent out report on TQC internal election, focused on their appointments to you
- Report was generated at request of IVP, my responsibility under legal code
- Whether or not the election they had was in violation of legal code, process of granting exceptions to elections of this sort
- Will also take questions on matter

- Briefly will outline adjustments I made
- Ensuring TQC can have valid elections
- Second is longer terms to clarify the processes by which senate can grant exceptions
- Current understanding that you as senate can extend the internal election cycle of BCUs
- Is not formalized in legal code the exact procedure by which to do this
- This exception is informalized
- If you want to formalize that, seek JC decision
- Do a true interpretation of legal code

Lala

- Since report wasn't easily accessible through email, can you please clarify how this should be addressed short and long term
- I'm wondering whether this extension would only come in place as in full transparency, myself and the Attorney General had a quick conversation on this matter
- Seems that his opinion is that you have to, or rather the Senate, laid out this structure and legal code of how such extensions are granted, and then we make a motion along those lines
- Do you have a different view?

Rosales

- I'll go through what I found and then address that
- The recognitions I've made aren't binding, just my suggestion
- In the short term, the report recs that you create a new window that senate motions to extend from now until end of summer session, TQC's election window
- And to communicate with Kristoff and run the bonus election through IVP office or maybe COC, following bylaws of TQC
- Question whether or not TQC members who graduated are still eligible
- Can be filled out outside of this though
- Long term reformations, checking out few sections of legal code
- AG Iden is first tackling these long term questions, amending legal code to then allow this formal process of making the motion
- Depending on the urgency that senate finds, how quickly you all feel this needs to be done, I think going long route first and communicating how you want it to be done will offer you more clarity in this matter

Luken

- Thank you CCO Rosales for coming and talking about this report
- You had mentioned adding to bylaws
- I know you touched on that as well
- Is that something you've already gone through, would it be something you could assist the senate with or help us draft the legal code changes

Rosales

- Would be happy to assist
- Available to work on any such projects
- Believe they're a ¾ vote
- Happy to be invited to any sort of meeting and work with you all to draft that

Sherkin

- About yesterday, co-chair of TQC reached out and said that another election would be detrimental to the graduating member of TQC
- A lot of members that did graduate
- How would we go about that, who can we consult or resolve that issue
- In the email, seems that they're pretty concerned about this

Rosales

- Great point
- Why this more broad reform needs to be on
- Senate needs to be on this to support their functioning and autonomy
- Something happened outside of legal code, which means they're hurt on it
- I won't comment on how they can vote, question for maybe Holly
- Once JC can make quorum, that'll be a question for AG as well

Sherkin

- Could the graduating members have a role in this as well

Rosales

- Based on legal code, can't read too much into what's not there
- Don't think it's clear
- Because we're in a situation where the election was held without senate authorization outside of TQC and BCU bylaws
- In a situation now where because that was out of order, now other appointments are out of order
- Going back to IVP's point
- Doing this major reform first
- Do you think that could be appropriate so you can correct
- Have a clear kind of path going forward on how to resolve something like this?

Lala

- My experience with legal code, considered that only fee paying members of association, current undergrads that can participate in voting process
- AG Iden would have better insight
- Can have that convo with him as well

Jiang

- See what Sherkin's talking about
- Revision and reform of legal code will take a long while

- If we're gonna revoke that, they’re gonna need to send information and redo everything basically
- Is it possible for us to extend recruitment for them?
- I know it’ll be difficult, election was done in absence of authorization
- I do think redoing everything is gonna take very long
- Don’t think vacancy in committee is gonna be in best interest of everything

Rosales
- If you’re asking if senate can offer retroactive approval of the election, maybe senate leadership can weigh in
- My understanding would be frowned upon in policies of senate
- Senate shouldn’t retroactively pass the bills
- Technically the bills wouldn’t be retroactive
- Approving stuff is often contentious

Claro
- Just wondering, little bit of clarification, former recommendations
- As senate passes window for TQC
- Is it viable if they have some sort of threshold for their voting processes, so they can achieve that during the summer
- In terms of retroactive changes, our last meeting from spring
- Didn't we literally retroactively change an appointment for one of our departments
- Can’t we hypothetically do that, retroactively give TQC an extension for their election
- And then just accept their elected results

Rosales
- Whether you can or can't is difficult because there's nothing there
- Better question for JC
- Don't have power to read through the texts
- Wouldn’t wanna offer judgement on that
- It’s tricky to offer an answer
- Whether or not the requirements for their elections proceed, think it was just sent out through a groupme, through google forms
- 50% +1 to make the appt
- Don’t have understanding that they need to reach certain voting percent in body to make it valid

Jiang
- Think what CCO mentioned about problematic nature of their election
- Think it’s a separate problem
- Just because we haven’t investigated, if we decided to, separate problem
- I echo with Claro, if we consult with JC and have their permission to pass this appoint

- Is that plausible?

Rosales
- If you ask JC if this is okay, and they say yes, then it's fine
- Josie as chair, they're able to make decisions

Lala
- First one is the retroactive action we took spring quarter was about a swearing in that had some problem with it
- Difference here is that it's beyond the timeline
- Another one is that senate isn't investigative body
- Ulitemaly JC that carries out that kind of action

Harter
- Obviously, JC's opinion is gonna be extremely important
- Much of our decision and the way we move about this is going to be contingent on JC's opinion
- Need to confer with JC and determine whether or not it's something they'd approve of
- Going about it that way would satisfy our legal code and also BCU concerns
- Sherkin reminded us of that
- Pretty clear that JC's opinion of this is needed
- Purpose of our checks and balances

Rosales
- Think you're absolutely right
- Even if you receive clarification from JC
- Adjusting legal code appropriately to make it clear the procedure, remains important

Harter
- I agree, should've mentioned it

Malhis
- Our decision right now is contingent on JC
- Great that we're meeting during the summer
- Perhaps TQC is not only BCU with situation like this
- Since we just appointed new JC, good proposition with something like this is meeting them about it, and with AG
- Afterwards, we can remeet and make our decision in regards to possibly extending their election
- Possibly, give them the chance to fill up their board

Baden Rosales CCO

- I was just checking, just to clarify the powers of the Senate, it's in a report, but the Senate can, through three fourths majority vote, request an advisory opinion if you want to leave with that
- I can copy that if that's the method you want to

Sussman
- Think we can put a pin in this right now

Wahidullah
- Wanted to connect similarity in what Malhis mentioned
- There's probably other BCUs with similar circumstances
- Good to tackle this during the summer

Harter
- Wanna make sure we put a pin in it properly
- Do we need to make a motion or will that be communicated properly

Lala
- Can make that, also entirely possibly that you as legislators lay that out in legal code on how we would grant extensions, and prevent similar conflicts in the future
- Not necessary, but I'd welcome the motion

Rosales
- Requesting their opinion is important, I'd recommend it
- Senate has power without such an opinion to address the situation through drawing up a new bill of sorts

Claro
- Essentially repeating what Harter asked
- What would be the specific language for that
- Specifically a guidance opinion, where it's not legally binding?

Rosales
- Think you get guidance more from me
- Process of looking at legal code
- Make some suggestions
- Going to JC means they're offering clarification
- They can tell you very clearly what is and what's not allowed
- Purpose of JC is to get that binding opinion, knowing where the line is

Claro
- What would be the specific language, want to make that motion?

Rosales

- Assuming it would just be a motion to request the opinion

Lala
- This is a good route, very positive
- Thank you all for your work, especially CCO

Oseinou Diagne (1:57PM)
- Ideas for fall
- Senate spotlights, interviews, the first senator of legislation and possibly second
- Chance to talk about your legislation and its benefits
- Good chance to get yourselves out there
- Gonna try hard with outreach on UCSBlife
- Trying hard to get weekly videos out
- Starting this process beginning of september
- Receiving google forms
- One for Instagram introduction, other for spotlight interview

Lala
- Idea is we try to get agenda up on IVP and senate stories each week
- Weekly recap of legislation
- Some alliteration version for recap
- Senate spotlight, single reel from a senator
- We can expand it from there, detailing one piece of legislation, what led to it, what made them draft in the first place, and what impact this would have on campus life
- To make the social media presence a lot more regular, and something that students would would care about in the first place

Wahidullah
- Thank you Osienou
- Do you have more details in regards to the senate spotlight videos
- Maybe committees itself
- Other ideas to make it branched out so far

Diagne
- Basically I have CMU that runs AS UCSB account
- They have a title
- I work with her, on a lot of the senate things we did
- UCSBlife I'm in contact with to try and get some outreach
- Some entities that will be helping us with that

Claro
- Very important to market AS to our broader student body
- Think past AS elections thinks we need to better communicate AS, what we're here to do and how we'll represent

- Question would be how could we as senators help out with that

Diagne
- How you could help out is just doing it
- Last year, not a lot of senators were doing what I was requesting
- It's hard to do it, last year I didn't have a structure
- Hopefully a lot better last year
- Interviews will probably be a sit down, talk, a bit more professional, alongside your introductions

Jones
- To add on to that, I'll be the one drafting which info will be posted weekly
- If there's something you specifically want to have published on instagram on the story I could forward that to the respective people who are curating the posts themselves
- Think a big goal we have with social media this year is to make it more engaging
- Not just senate spotlight
- Also doing a senate takeover
- Where senators can show their day in the life
- If you're interested or have any ideas, please reach out

Lala
- It is second president pro tempore who acts as liaison
- Let's not repeat last year
- Having met your senators posts in March with two weeks left in term doesn't make sense
- Oseinou we spoke about that as well
- One person, one senator at a time
- Could be a video
- Let's make sure we're fulfilling our end of the bargain

Diagne
- Agree
- What you guys could do to help, if you're talking to BCUs, would be good to post them
- Anything that would get students to look at it would be really helpful

Jeffrey Wang, Accountability Director (2:07PM)
- See this role not just as a checklist but as a way to make sure everyone's doing good work and that they have the tools to succeed
- One of my goals will be making sure expectations are clearly communicated
- Making timelines and expectations as clear as possible
- People may be unaware, want to remove that uncertainty
- Accountability should feel like a conversation, not a report
- Want to set up regular check ins

- Rather than jumping straight to conclusions, would rather talk to them
- Accountability builds trust, trust makes student government meaningful
- Feel free to reach out

Sherkin
- Wondering if the speaker's position could be reflected on the agenda, just don't see it

Lala
- A lot of people in this room started on the foundation of more projects, project centric senate, which is what Jeffrey will follow up about, and we'll collab on the best steps to move forward

Parliamentarian Sam (2:10PM)
- I am Lala's parliamentarian, learning about Robert's rules in legal code

I-7) Senator Representative Reports-
I-8) Administrative Reports-
J) Committee Report
J-1) Standing Committee on Finance -
Malhis (2:32PM)
- Finance committee is doing well
- Expected to have latest committee
- Over 16 members
- Application process has been very cautious and considerate
- Holding intricate and elaborate interviews
- People who understand accounting and econ
- Because we want to adhere to old policies and not make mistakes
- Past year, had some situations with RCOs and BCUs and have been taken up to judicial court
- We have more money, more accounts, need more financial officers to communicate with BCUs and RCOs
- All financial officers are required to hold office hours
- Want to be very intricate with our hiring process
- Have received a lot of applications so far
- We will probably have a full board by september
- Conducting training for next 2 weeks
- Finance operations team
- Consists of many staff members
- Some student representatives have been working to reform our financial system
- All transactions, system for that next year is going to be revised, almost finalized
- Hopefully making honoraria and other things easier
- I know there's been issues of timeliness with that
- Working on getting our MOUs
- Since we have more access to accounts to be funded from next year

- Trying to get those agreements with all those accounts
- The money is technically theirs, but the handling of that will be under finance committee
- Thats how RCOs can get funding for their events, opens up a lot of opportunity
- Campus events, events for environments
- On forefront is our rent support project, heavily involves us, reaching out to IVTU and other orgs on criteria of rent support
- Something we plan on working on is the enterprise for AS
- We've just been mainly reforming the system

J-2) Standing Committee on Outreach -

Harter (2:13PM)

- Working hard the past few weeks to get staff and implement projects
- One of those projects will be a mobile food pantry in Isla vista
- Done a lot of coordinating, figured out legal requirements with county as well to do something of this nature
- 20 days from now, 29th, AS food bank will be hosting mobile food pantry in IV
- First step to making a permanent mobile food pantry
- Outreach is involved because we're issuing surveys while they're at the food bank itself
- Will be used for other implemented projects later on
- If you're in the area July 29th, then that's the first implementation
- If you're in the area, your help will be greatly appreciated

Sherkin

- Congrats on outreach
- Also have report to give

J-3) Standing Committee on Liaison -

Wahidullah 2:18PM

- Making significant progress
- Senate performance, BCU engagement, internal reform
- Some of the stuff I've been conducting, 2025-26 plan for upcoming year
- Seen a lot of pilot programs that were successful, want to implement it more consistently
- More BCU engagement models
- More procurement authority, just for the procedures, and just better infrastructure, more successfully manageable
- We're having an idea in regards to our board positions, in regards to BC representatives, in order to have a better holistic representation
- We're having the idea of management, creating a sector based rotation system for BCUs

- Quarterly engagement systems will have, at least for in regards to BCU representatives, to have more quarterly basis, in regards to them, based on what we're looking for, for Liaison Committee
- Just overall, I was able to help lead and execute like system of the recruitment cycle, in regards to also working with Senator Than and Senator Ly in this process
- We outreach to a lot of orgs and RCOs
- Interviewed last couple weeks for selection
- Large amount of student applications, still able to redirect them to other committees
- Coordinating directly with as staff and internal committees
- Bridging the gaps
- Staff members, other executive committees
- More efficient from last year
- Other committee collabs, Senator Than helped a lot
- She also helped building liaison tracker with me
- Helped in regards to outreaching as well
- Senator Ly helped us as well
- She participated in a lot of our group me as well
- Over here, can see we have better for our operational processes, more successful for the fall
- Helping to create a better group me
- Similar to legislative tracker, working on liaison tracker
- Helps provide more templates and BCU visits
- Easier for our BCU members to do
- Internal tools to hold senators accountable, while empowering them
- Working pretty comprehensively to address a lot of longstanding gaps to make progressive change

Ly

- Thank you so much
- Her report is comprehensive
- Would like to add that we'll probably be doing outreach to the BCU 's pretty soon, just introducing ourselves and the liaison committee
- And then also, in regards to what was brought up earlier about BCU committees, we will definitely be looking over the AS legal code again, and just going over and reviewing all of our processes and seeing what changes that can be made
- Then meeting with the liaison committee to go over that, and then also reaching out to CCO and other entities to perhaps restructure some of our BCU election processes and other things

J-4) Standing Committee on Advocacy -

Sherkin (2:24PM)

- Wahidullah's been a great help
- Gonna hopefully collab with liaison committee, already talking with them
- Take back the night, score, lobby corps, veteran affairs, COSWB, CAPS, etc.. entities we already have projects in collab with them
- Lots of relevant entities
- Some really exciting initiatives on the way
- Hoping to have some of us help with mobile food bank pop up
- Think it's a very good project
- IVP sent email about study pods and study booth projects
- Working with Wahidullah about campus dining and dining plans
- Trying to explore partnerships with other universities that have better dining models, UCLA, SLO
- Hoping ot see how we can implement those strengths in our program
- AG Iden, pardall tunnel improvement project, such a cool project which I want to continue
- Lastly, looking to partner with NGOs, the ones we already have contact with are united way SB, SB people assisting homeless, unity shop, SB food bank

- Lot of moving parts and pieces, some projects we already have up and under way
- If your comm wants to collab, please reach out
- Will polish this and send it out as an email

Luken
- Obviously paying a lot of attention to detail
- In regards to Leo Brown and Generation Conscious, we've been in consistent communication with him
- Nothing notable to bring to the senate yet
- Just wanted to put it on your radar
- Anyone else in that matter, please reach out
- Not trying to keep anything undercover

Sherkin
- Yeah glad to work with them

Lala
- Think it'd be good collab between outreach and advocacy committees, related missions

The Direct Democracy Project First Draft (Collaboration between the Senate Outreach Committee and the Office of the Internal Vice President)

Lala

- I've been told it'd be best to move this to the next senate meeting
- We can just leave it there
- We'll discuss it next meeting, it's fine

Legal Code reform effort led by First President Pro Tempore Evan Sussman

Sussman

- Over the summer I have been working on this bill to clean up legal code
- Basically this bill is going through 20 years of this association, getting rid of redundant inactive and very red tape bureaucratic measures that have entered this association
- This bill does not dissolve any functioning or inactive BCUs or committees
- All it's doing is dissolving and removing inactive or never functioning committees, some that don't work in legal code whatsoever because it's impractical
- Excited, can make this bill much more accessible for students in the future
- This bill will bring it down to 400 pages from 500
- I'm happy to answer any questions quickly

Malhis

- Very large act that you're planning to commit to
- Could lead onto many benefits
- Totally agree with the point that we should have entities be effective
- Please take advantage of this and make sure you have clear communication with anyone who can be affected by this
- We don't wanna pull a 74th senate
- These are BCUs and entire entities that are being affected
- Make sure you're having a good talk with everyone affected
- Don't wanna pose too much as a senate that we're using overarching power
- Please be careful with this

Sussman

- The only act that this will be doing in terms of current BCUs is removing senate liaison commissions
- Removing senate liaison from BCUs except Global Gaucho Commission and TSA
- Will be communicated to them as soon as possible
- Once I'm done with this portion of the bill
- Communicating with staff, President Metzger
- No one will be swept under the rug with this

Lala

- Can attest that senator Sussman has met with staff and president

Malhis

- Would also suggest communicating with liaison committee

Toledo

- I would probably wanna have an extensive conversation with them outside of meeting time
- Interested in what will be changing and why

Sussman

- Have a full list of every single action that this list does
- It's from little changes in spaces and languages
- To actual dissolution of comms and BCUs that are no longer active
- Bill is for transparency
- Once this bill is brought to the table, you'll have a list of every single action
- So that no one is swept under the rug

Ly

- Are we going to address the IV arts situation?

Lala

- Up to senate, about to lose quorum shortly
- We can make this top priority at future meeting

Malhis
- I agree with Enri on that
- Individual accord for people to speak with these IV arts speakers
