UC Santa Barbara
Associated Students

Senate Agenda 8/20
Associated Students UCSB 76th Senate

Zoom Link

Minutes/Actions recorded by: Melina Magno, Hazel Gong, Sydney Arbolado. **CALL TO ORDER** by Melanie Jones, President Pro Tempore at **6:42PM**. *This meeting was called to order at 6:42 PM on Zoom.*

A) MEETING BUSINESS

"Before we begin, we call for students to acknowledge that the lands that the University of California locations were built upon were expropriated & founded upon exclusions and erasures of Indigenous people's human rights throughout California. UCSB is built on Chumash Land, specifically that of the non-federally recognized Barbareño tribe. As an association that pushes the student bodies' voices to the forefront, we should aim to make strides past just acknowledgment to those who continue to fight for their right to be recognized & respected as the original stewards of this land. I ask you all to dedicate time & care to personal education & to advocate for justice alongside Indigenous peoples."

A-1) Roll Call

Amna Chaudhry	✅ Present, ☀️ Early	Off-Campus Senator
Caleb Claro	⛔ Absent	College of Letters & Sciences Senator
Mia Gutierrez	✅ Present, ☀️ Early	On-Campus Senator
Neo Harter	✅ Present, ☀️ Early	Off-Campus Senator
Xander Hepburn	⛔ Absent	Transfer Senator
Yuchang Jiang	✅ Present, ☀️ Early	International Senator
Melanie Jones	✅ Present, ☀️ Early	College of Letters & Sciences Senator

Noah Luken	👍 Excused	Off-Campus Senator
Victoria Ly	✅ Present, ☀️ Early	Off-Campus Senator
Qhawe Manala	👍 Excused	International Senator
Vanessa Manakova	✅ Present, ☀️ Early	Off-Campus Senator
Nadine Malhis	✅ Present, ☀️ Early	On-Campus Senator
Olabisi Ola-Olaitan	⛔ Absent	University-Owned Off-Campus Senator
Keizo Ono	✅ Present, ☀️ Early	Off-Campus Senator
Natalia Pascher	✅ Present, ☀️ Early	Off-Campus Senator
Romi Riss	⛔ Absent	Off-Campus Senator
Erica Sherkin	✅ Present, ☀️ Early	Off-Campus Senator
Evan Sussman	👍 Excused	Off-Campus Senator
Sohan Sunderrajan	✅ Present, ☀️ Early	College of Letters & Sciences Senator
Mira Than	✅ Present, ☀️ Early	Off-Campus Senator
CJ Toledo	👍 Excused	College of Letters & Sciences Senator
Jasmine Wang	✅ Present, ☀️ Early	On-Campus Senator
Eeman Wahidullah	✅ Present, ☀️ Early	Off-Campus Senator

A-2) Excused Absences

Motion to excuse all absences.
Wahidullah - Ono
Call to question - Than
This motion passed at 6:46PM.

Motion to excuse Senator Manakova for the duration of this meeting.
Harter - Pascher
Call to question - Sherkin
This motion passed at 8:36PM.

Motion to excuse Senator Pascher for the duration of this meeting.
Harter - Sherkin
Call to question - Wahidullah
This motion passed at 8:37PM.

Motion to unanimously consent to move back into Item G.
Passed via unanimous consent at 8:38PM.

Motion to excuse Senator Ono for the duration of this meeting.
Harter - Wahidullah
Call to question - Sherkin
This motion passed at 8:51PM.

Motion to unanimously consent to move into Item J.
Passed via unanimous consent at 9:05PM.

A-3) Acceptance of Proxies

B) External Reports

B-1) Chancellor's Representative-
B-2) UCPD Representative-
B-3) GSA Representative-
B-4) University Center Governance Board Representative-
B-5) IVCSD Representative-

C) New Business

A Bill to Establish the Language Revitalization Grant Program (LRGP)
Wahidullah - Harter

Wahidullah

- I could probably just start on talking a little bit about it, because I've been constructing this for various months now. I've been just a couple of weeks now, if you've been knowing me for the past couple of days, and I'll try to keep myself as brief as possible, because I do want to let Senator Harter also speak about this as well.
- But this particular legislation is something that is very personal to me, as well as my own personal story, as well as just for a lot of the community groups that I've

been involved in for the past couple years at UCSB. But to put a little bit of overview, if you have not had the time to explain a little bit about it, this is technically the lrgp, or the language revitalization grant program, which, in upcoming towards the fall, we're hoping to create a qualitative research pilot program to have initiative to support students and studying languages and UCSB that doesn't typically, are offered in campuses and stuff.

- And as of currently, right now, there has been, typically, around 7000 languages taught globally around the world. However, if almost more than 40% of them were at risk of endangerment or risk of losing a language, and even because of this, many students, whether they're indigenous, immigrant or from diaspora communities, are simply trying to educate themselves in new languages. It's this is opportunity to them in itself, to have better connections toward these and bring people together and from my own personal experiences, I feel like language is a particular component in itself that is one of the best ways I feel like to understand a community without having to be involved with it as much in the typical way.
- But just a particular program will help an estimation for the pilot program to be around $750 per quarter to undergraduates who want to study a qualifying language, whether it's endangered indigenous or heritage languages are typically not taught at the institutional or at any particular level in universities and stuff,
- To fall into this process in the UCP catalog, some students will be able to submit an application with a short personal statement, study plan, budget and optional community endorsement. And the process is typically very simple. Applications open and weeks one through three, decisions are released by week five, and students may apply for up to three quarters, and then recipients will see reuse funds for tutors, online course materials and some more short final report afterwards at the file of the program.
- But to oversee the typical program, we're planning to have a temporary supervisory committee may upload Senate offers to their representatives or anyone who's particularly interested in supporting this initiative with fiscal oversight, with the as finance committee office, or finance office in particular, with also potential stakeholders from Bcus or particular establishments who will help support this initiative.
- This particular project is very important to me, because I see it as a mutualistic relationship between the student who is trying to educate themselves in indigenous or non institutionally tall languages, while also financially allocating supportive communities as well.
- From my own personal experiences, working in the previous Senate, we've done a lot of initiatives for resolutions to support marginalized and underserved communities, for example, the Armenian community, we haven't done anything beyond that, to allocate funding to support their communities better beyond that institutional level, or to support indigenous communities, this funding can help support them with also the expansion of their knowledge and their institutional languages beyond university levels
- It helps preserve culture, resist erasure and affirms UCSB's commitment to diversity and inclusion. And for my own personal story, again, I apologize for

talking so much about this, just in my own personal family, we speak a particular language called Dari, which is specific language under the Persian specific language in itself, but it's typically not taught in languages because primarily spoken in Afghanistan, and because of that, it hasn't really been taught as much for me growing up as well

- My family, they tried to educate myself more leaning towards English, rather than my own mother's tongue, and because of that, I've lost the ability to kind of speak my own cultural language and had the connection to a lot of my loved ones and family members because of it, and unfortunately, for most of my life, because there was a lack of accommodations my family's cultural language at the institutional level, I had that lack of separation from learning to speak to my loved ones and stuff, and including my own grandparents too.
- Until at least 18 years, I had to wait to force myself to learn my own particular language and study because universities did not deem it as important to be teaching it to a lot of communities as well. So instead of talking to her, I just have to braid my hair or look at her rings or just pretend I knew what she was saying, because there was a lack of accommodations for me to learn something so special.
- Why would I spend tuition and allocation of money to an institution if I don't know if I'm unable to speak to my family in particular? And that's why this project is super important to me, because I know it touches, if you can tell by the student sponsor list, how many people I can impact towards this program, whether it's connecting their loved ones or just educating themselves, and if I know I can help at least support one person in this qualitative program, I know that I can support people in a position that I've never had to experience what I went through, and that's why it's really important to me as well.
- I just wanted to say again, thank you, Senator Harter, for supporting me on this initiative, on behalf of the outreach committee. I think it's extremely essential for having the collaborative within the outreach committee to help support whatever students are advocating or can help most impactful towards this initiative and stuff. And I'm just really looking forward to seeing this impact and supporting the project in general. And it's basically something really important to me. It's basically my heart on the legislation piece of paper, because it's like my own personal story as well, but as a little bit from my own personal end. And I thank you guys so much for just collaborating with me on this initiative and just listening to my story as well. And I'll let the floor also go to Senator Harter

Harter

- Senator Wahidullah did an excellent job covering all aspects of the legislation, so there really isn't much space for me to say anything other than the funding to reaffirm that the funding that's coming for this legislation is being donated essentially from BCUs that most likely would have rolled it over anyways, and therefore it's it's fiscally pretty responsible at the very least.
- So I just wanted to ensure that everyone understood that, but otherwise, I think Senator Wahidullah did a very, very comprehensive explanation.

Wahidullah
- If anyone wants to motion, I'd prefer this to be referred to the liaison committee

Motion to refer a bill to establish to the liaison committee.
Pascher - Than
Call to question: Harter
Motion passes at 8:08PM.

D) PUBLIC FORUM
[1:30]

Speaking agreements:
"You have three minutes to speak, with three minutes for Q&A. Please state your name, pronouns, and enunciate, but refrain from yelling. Speculation of a Senator's intentions is prohibited and may result in you being removed from the ability to speak on the floor. Please know this meeting is being recorded. You may speak on any issue, whether it is on the agenda or not. Please include a content warning if it will be graphic. You may only come up once, and you may choose not to answer questions."

Triathlon Club at UCSB -
Jean Chen (she/her) & Nawel Alioua & Liz Schauer (she/her)

Jones
- Are you here for the triathlon club?

Jean Chen
- Yes but concerning the issue of APC
- I'm not too sure how these meetings work
- But im assuming that will be brought up later, at a later point

Jones
- I'm going to redo your speaking agreement and then you can speak to the Senate
- And then answer questions if you wish, afterwards
- Before I start with the speaking agreement
- Nawel?
- Are you here for the triathlon club as well?

Nawel Alioua
- Yes
- I'm in the same case as Jean

Jones

- Are both of you speaking or only one person speaking

Jean
- We can both speak

Pascher
- There is someone else in the chat that is for triathlon club

Liz Schauer
- I am here on behalf of student health PT

Jones
- Since you guys are all addressing separate causes
- I'm going to split you guys into three different speakers so you all have the time to speak
- And then just put you guys one after the other
- Because it seems like everyone's covering something different, right?

Nawel
- Not necessarily
- I would like to speak on Student Health PT as well as APC

Jones
- If you need more time we can motion than

Nawel
- I will start speaking about the APC
- So I am one of the members of the triathlon club. So it's been a year
- Before that, I was part of the rowing club for three years
- I would like to talk about how the APC is extremely important when it comes to this kind of sports, especially since I've spent so much time being in the rowing club, I can say that it is absolutely necessary for the performance of the athletes.
- So in particular, I would like to say that the APC is not just a place where we can go and train.
- It is also a coach that has a master's degree in a related topic, and she is very, very knowledgeable in what she does, and she would provide training programs for all of us, all of the team clubs.
- That's very valuable when it comes to our training
- Because, as you can imagine, our coaches in the clubs cannot, at the same time, also supervise or give us much guidance when it comes to strength training.
- I feel like it's an incredibly sad loss for the entire athlete community.
- And the way I see it is very simple.
- The athlete experience here has three pillars. One of them is the club. The second one is APC, and the third one is PT. And I feel like now UCSB is being devoid of two of its pillars. It's like a three legged stool that's trying to stand on one.

- That is my take on it
- UCSB is losing so much by not having the EPC anymore, and especially our coach.
- I really hope that we can do something to restore it.
- It's a big part, frankly, the quality of life for for student athletes at UCSB

Motion to extend the speaker's time by 3 minutes.
Sherkin - Wahidullah
Call To Question: Malhis
Motion Passes at 6:54PM

Jean

- My name is Jean Chen. I go by she her pronouns, and I'm also speaking on behalf of the UCSB triathlon club team, on behalf also of the APC.
- I've been a part of the UCSB club team for all four years of college.
- I'm a recent graduate of UCSB, but I've spent all four years of my time on the triathlon team, participating in APC. And not only, as Nawel mentioned, was it a big part of our training plan with all the cross training, although she had some experiences on the rowing team.
- I in participating in their open hours program, I saw how APC was able to benefit all sports club athletes, and for many endurance sports and sports in general, cross training, especially in the form of lifting, is such a big factor in injury prevention, and the APC has been so important in providing that for our club athletes program.
- Without that there other than their recreation center, there isn't many other resources that provide access to that
- Especially, as Nawel mentioned, again, the leadership on behalf of Allison, the previous ABC coordinator, her knowledge and the knowledge she was able to impart on her employees give many sport athletes structure to their training.
- I also want to speak on behalf of the community, APC's open hours
- Not only did APC provide specific team times for each sport, they also had open hours where athletes from all sports clubs were able to participate. And that helped me meet and connect with a lot of athletes from other sports
- That was a big factor in community building.
- And my third and last point is that not only was APC super beneficial to just the sport athletes, it also was really good exposure for the student employees who were interested in the fields of personal training, physical therapy, all of the related fields.
- And that gave them, the employees, a really good opportunity to see and explore their interests as an undergrad.

Motion to extend the speaker's time by 5 minutes .
Wahidullah - Harter
Call to question: Sherkin

Motion passes at 6:58PM.

Liz Schauer (she/her)

- I'm a rising sixth year PhD student here at UCSB. I've been a part of the triathlon team every year that I've been here.
- It's been a huge part of the community, along with APC and all the resources that come with being a club athlete.
- I'm here specifically to talk about the student health physical therapy clinic closing as of September.
- This physical therapy clinic is the only one that's very accessible to students.
- There's one clinic in Goleta, and all the other clinics are downtown Santa Barbara, so it's very difficult to access unless you have a car or a friend with a car.
- PT provides support for students through rehab for surgeries, chronic management of injuries, or rehab to different injuries that they have leading to better levels of well-being and academic success.
- On a personal level, I had hip surgery three years ago and couldn't walk for weeks, and it was on my right side, so I couldn't drive, and student health PT, enabled me to recover from this, and honestly, I wouldn't be able to run and be at the same activity level that I am now without physical therapy at Student Health.
- It's really unfortunate for me to see that this decision is coming, and I hope that it will be reversed.
- Liz is a great physical therapist, along with the other talented members, and it's a shame that that is no longer a resource that's available.
- In addition, it's also slightly cheaper and more affordable than other physical therapy options in the community, so it poses an additional financial burden for students, along with lack of access to care due to difficulty getting into other clinics.
- And in general, students deserve access to affordable and accessible health care, including physical therapy and other student resources on campus, so I urge that you are able to bring back physical therapy and helps better support students.

Jean

- Could I add on to PT section
- I have been working as a physical therapy aid in the clinics of both Goleta and Santa Barbara the last two years
- Just seeing how scheduled we are
- The current clinic I work at, patients have to schedule 2-3 months out
- It's already so hard to get patients in, even post-ops patients that are
- Patients who are a lot higher on the list that needs immediate PT
- With the Student Health PT closing, it puts a lot more pressure in clinics in local areas
- We are already so backed up

Jones

- It is touching to hear your experiences as well

- I think this is something that the Senate can tackle

Nawel

- I want to add onto the PT section as well
- I have a personal relationship with PT
- I came into UCSB with a pretty bad injury that I didn't know was still there, which was actually an accident where I just tore my hip labrum, which is a soft tissue inside the hip, and I wasn't aware of it until we went into intense training in rowing. And so once the pain had come back, I was not able to row, I was not able to run, to do any activity that that involves the hip, and, of course, me kind of depending on physical activity for health
- It was devastating to me.
- And here is where PT enters into all of this
- They did a great job, not only to diagnose what was going on, because these kinds of injuries are very elusive. It's very hard to know exactly what's going on. So not only, they were able to diagnose it, and they helped me to get the MRIs and everything, and then with training
- For me, it is almost like a miracle, because here all the doctors I went through when they saw the injury, they said, you will never be able to run again.
- This is not like a small thing, but with the help of PT, they started to actually train me to strengthen those areas around that torn labrum.
- And little by little, not only was I able to go back to running and to rowing, but also actually to perform really well and to have so many personal bests until today
- It's very, very sad for me to learn that I will not be able to get that same checkup and same regular visits
- So I really hope that we can do something about it.

Jiang

- One quick question about the UC Ship, do they not cover all the things you guys are talking about?

Nawel

- It does cover PT actually

Jiang

- I'm a little bit confused
- So the funding you guys are requesting from us, what is it for?

Chen

- APC program is not covered by UC SHIP
- That is covered by UCSB Recreation Funding
- Because it is part of student athlete money

Jiang

- So the APC covered for a certain type of injury?

Chen
- APC is strength training focused
- It is accessible for all student athletes registered as club athletes
- 50 dollar recreation center fee that every student athlete pays no matter how many sports they are in
- Part of that went to covering APC

Jiang
- So you guys are asking for funding for APC then?
- Not for the injury that I think the other speakers are referring to

Nawel
- I'm not sure about the funding you are talking about
- On your first question about whether UC Ship is covering
- It was covering the services of PT to a certain extent, that is what made it affordable

Wahidullah
- Thank you for coming again regarding this
- Appreciative to get more perspective from the athletes
- On behalf of me and Senator Sherkin and Senator Harter
- We will work our best to support this program
- Just two questions I have about this
- I'm not sure if you have more information about this
- Could you provide details about other athletic community that is also supported by APC
- I've been reaching out to other people
- I want to see how much impact it actually brings to the campus

Motion to extend the questions time by 2 minutes.
Sherkin - Wahidullah
Call to question: Ly
Motion passes at 7:10PM.

Jean
- APC program is specifically for club athletes
- There is around 28 club all through UCSB Recreation Team
- Those are the athletes mostly impacted
- Each team can have upwards to 100 members
- It is a pretty big population that is affecting

Pascher

- I'm with advocacy committee
- Thank you for coming
- I wanted to let you know that I will be working with Senator Sherkin to reach out to you guys to get this handle
- See if there is anything we can do
- So if you want to send me a chat with your email
- We will be sure to reach out to you guys

Harter
- Senator Sherkin, Wahidullah and I have been working on this for awhile
- It is something I can address later with the members

Gaucho Racing at UCSB - Alex Fu (he/him)
Alex Fu
- There's other people here but they won't be speaking

Jones
- Got it
- Did you hear the speaking agreement or would you like me to repeat it?

Alex
- Could you repeat it please?
- I am president of Gaucho Racing
- I have three members of Gaucho Racing, senior representative from american engineer, and representative from the rocket project here
- Our organization represents over 20 majors, and over 10% of the engineer population
- While we are separate organizations, we have the collective goal to provide hands-on engineering and business experience to the UCSB Student population through a variety of projects.
- We're Gaucho Racing.
- We design an F1 style electric race car that competes in international competitions against 100 other universities.
- For the Rocket Project, they design and construct rockets
- With the goal to be the first student group to successfully land and launch a rocket autonomous
- Lastly, ASME accomplishes our motives by providing a variety of hands-on projects, including a custom human powered mobility vehicle.
- This experience directly helps members gain job relevant experience and get jobs at top companies such as Honda Racing, Nvidia and NASA.
- We're seeking to partner with AS to establish a shared and collaborative workspace for our organizations to design, prototype, and build our respective projects.
- Currently, our teams rely on very scattered and temporary spaces that are small, unsafe and inefficient for clubs whose work involves cars, rockets and other

really hands-on projects, the absence of a permanent property, properly equipped space, causes major safety issues and delays our project, that puts our projects in jeopardy, this space will help ensure that our students able to get our projects completed on time, allow us to provide more hands-on opportunities, and on top of this, also offer more opportunities for the UCSB community and the local community by offering hands-on workshops for the overall student population.
- Host local meetings with local industry members, as well as potential workshops and tours for prospective students K-12
- We won't be taking any questions

Malhis
- It is highly suggested to take questions by the senate, we are here to help you
- By refusing questions it weakens the chance of us helping you

Alex
- We will hold on on questions
- Reach out to us if you have any concerns

American Society of Mechanical Engineers (ASME) at UCSB - Max Vennemeyer (he/him)
Jones
- Do you have anyone with you or are you here alone?

Max
- I'm here with Flex Fu and gaucho Racing in general supporting the same points
- We also want to be part of the space
- The three clubs together can have a shared space
- ASME is looking for a space just like Gaucho Racing and Rocket Club
- We need a space that is bikeable from campus
- And a space that is large enough for us to store our projects, which we have struggled with
- We want to take whatever space we can
- I will not be taking any questions

Gaucho Rocket Project at UCSB - Eddie Barajas (he/him)
Eddie
- I am the founder and president of the rocketry club here at UCSB.
- We understand that space is extremely limited on our campus and in Santa Barbara County in general.
- That's why we came together as three large engineering organizations on this campus to try to find one unified solution.
- One thing that was not mentioned that we believe will also happen is having one space will allow us to share tools and common materials that should also help us reduce waste and extra costs.

- I have nothing more to really add, other than the fact that I am in support of this and would be happy to work with anyone to help get this done.
- We're also working on the back end with other administrative paths, and would love to have AS support in any way possible.
- Along with my other two colleagues, I will not be taking questions at this time. However, I'm very easy to email, so would be happy to take any questions at other times.
- Thank you.

Eddie Barajas (he/him)
Eddie
- I am launching a new leadership Speaker Series, and we are looking to have our first inaugural event on October 6 with congressional member Salud Carbajal.
- I, myself, and Josie Pennix will be interviewing him at Campbell Hall, and we would like to seek Senate support and funding for this event
- The big item that we need funding will be some Campbell Hall support and some extra policing
- Carbajal's team and the University have requested to have two police officers on staff for that, and currently we have a budget of around $5,000 for the event.
- We are working with Michael and Vincent to figure out the alternative avenues of funding, though we would like it to come from the Senate, if possible.
- I'm open to take questions

Than
- Why do you want funding from senate
- Second, have you corresponded with AS program board, if so, why do you feel like maybe you should come to the Senate

Eddie
- First, the normal process would go through F&B and the RCO route
- We are encountering two issues with that
- First, the RCO that we are starting up to support this project will be brand new, and in order to get money from F&B, you need to be active for at least one full quarter
- Additionally, because the event is on October 6, it places us incredibly early in the academic year, which would be hard to go through the proper process of punching with F&B, getting Senate approval and then requisitions for that event, versus just going through the Senate
- Additionally, we have gone to program board for this event and other events
- However, they weren't too keen on helping to fund us with these and that is something we are trying to work out as well, because we would like to have similar events in the future

Malhis
- Thank you for coming to the Senate

- This is the smartest decision you can make, coming to us, considering it is the summer
- Can you email my the details of your event
- As I am also in contact with Michael and Vincent.
- We are familiar with working with you and a lot of your projects
- So we would like to assist
- We will look at the areas of funding and see if we can make it possible
- As long as all aspects of the association and campus policy is going to be adhere to, we would like to help you
- Thank you

Eddie
- I will send over the details promptly
- Thank you

E) Acceptance of Agenda

Motion to add to the agenda the Pearman Fellowship bill.
Harter -
Motion rescinded.

Motion to amend the agenda and add to A Bill To Update the Legal Code of the Associated Students Pearman Fellowship Program reported.
Harter - Sherkin
Call to question: Wahidullah
Hand vote:
Yes: 10
No: 0
Abstain: 3
Motion passes at 7:28PM.

Motion to amend the agenda add Attorney General Iden's following Office Appointments Solicitor General: Hannah Weaver Caseworkers: Andrew Le, Jasmine Reza, Nishi Khandaker, Olivia Shen, Caitlin Bergevin.
Pascher - Sherkin
Call to question: Than
Hand vote:
Yes: 11
No: 1
Abstain: 1
Motion passes at 7:32PM.

Motion to accept the agenda with the additional amendments.
Wahidullah - Ly
Call to question: Ono
Motion passes at 7:36PM.

F) Consent Calendar

G) Action Items

UPDATES TO Standing Rules of the 76th ASUCSB Senate

Motion to pass the updates to Standing Rules of the 76th ASUCSB Senate by a hand vote.
Malhis - Ono
Call to question: Than

Hand Vote
Yes: 10
No: 0
Abstain: 3
Motion passes at 8:11PM.

A Bill to Update the Legal Code of the Office of the President — Reported out of Liaison Committee

Jones - Sussman

Malhis

- Shouldn't we discuss the bill before we pass the bill

Jones

- I offered for discussion

Sherkin

- I was wondering if this bill could be discussed by a representative of the liaison committee

Wahidullah

- I did not author this but going over in regards of committee meetings

- It seems typically fine in comparison to what we discussed during the senate meeting as well as the substantive rules in legal code
- Don't think specific negativity towards BCUs
- From our end it seems fine which is why we deferred it to the senate body

Malhis

- Some thoughts on this
- Never mind
- I will say my thoughts on a separate meeting

Pascher

- Malhis, if you have thoughts you should say it
- You have thoughts, now is time
- Otherwise this will pass

Malhis

- I have some thoughts on standing rules in general
- There are already about past things, I have no question on addition, I can bring it up at a later meeting
- I have no questions in addition to past things
- So I can bring it up with more support later on

Wahidullah

- Can we move the table to the next meeting?

Motion to table A Bill to Update the Legal Code of the Office of the President during the next senate meeting.

Wahidullah -

Motion rescinded.

Pascher

- I think this is confusing because the agenda does not say yes or no for the vote

Jones

- Yes you are right

Malhis

- You should have asked for discussion before someone motioned

Jones

- I believe I had asked if there was any questions or discussions on the floor

Malhis

- So are we still planning on tabling this

Motion to reconsider the previous motion to Standing Rules of the 76th ASUCSB Senate.

Mahidullah - Malhis

Call to question: Harter

Hand-vote:

Yes: 4

No: 2

Abstain: 7

Motion passes at 8:24PM.

Motion to table the update to the Standing Rules of the 76th UCSB senate until the next senate meeting.

Harter - Wahidullah

Call to question: Sherkin

Motion passes at 8:26PM.

Malhis

- A lot of senators have had issues with communication
- Slack is not perfect
- My Slack and few senators are having issues
- We do not have access to agenda
- I wouldn't hold everyone accountable since it is summer season
- Hopefully we have more resources once we are back on campus

Pascher

- I'm not trying to attack you
- I mean no disrespect to you Senator Malhis

Harter

- I don't agree with the current standing policies
- It is not insufficient
- I voted abstain first
- Because I was not sure of my opinion
- Now I'm certain I don't want to go through with it
- I figured tabling it to the next one would be the best option, because apparently other people aren't sure as well. But I basically, I hear your point 100% and obviously no animosity at all. I just wanted to make it clear what my thinking was. I just simply need more time to think about it

Wahidullah

- Small quick clarification
- Someone mentioned the outlining was confusing to understand, and the proceeding agreements too

Pascher

- I agree
- Let's keep that in mind when we vote initially

Motion to unanimously consent to move back into item A2 excused absences.

Passed via unanimous consent at 8:35PM.

Amendments to Ad-Hoc Controls and Compliance Committee Resolution —Reported out of Liaison Committee with amendments

Than - Luken

(8:38PM)

Than

- Made amendments and also wrote the bill
- Just talking to our BCU rep and brought it up at program board meeting
- Everyone was okay with it, no qualms with idea of controls and compliance
- More concerned about them knowing what legal code is

- Just something we have to work on ourselves
- In terms of legislation, they're all for it

Wahidullah

- Some more amendments
- Overall we had similar connections to it
- Looked at the same people, reached out to BCUs for their concerns, able to refer it back to senate body so that's good

Motion to pass Ad-Hoc Controls and Compliance Committee Resolution.

Wahidullah - Ono

Call to question - Harter

Objection - Malhis

- Can I request a hand vote for this?

Hand Vote

Yes: 13

No: 0

Abstain: 0

This motion passes at 8:43PM.

A Bill to Update BCU Election Code — Reported out of Liaison Committee

Jones - Sussman

Wahidullah

- Brief comment
- We had to go into an unfortunate emergency vote because of time urgency
- TQ comm and other BCUs, essential for this bill to pass for them
- BCUs have made it clear this is very essential towards that

Than

- In case people are concerned about its validity, personally talked to each of the comm members about it, clarified reps questions so they could have an accurate assessment of the legislation, they voted to send it back to senate

Motion to pass A Bill to Update BCU Election Code

Wahidullah - Sherkin

Call to question - Ono

Motion passed at 8:45PM.

A Bill to Update the Legal Code of the Pearman Fellowship

Wahidullah

- Question, maybe for outreach comm

Harter

- Please repeat question

Wahidullah

- Elaboration, I need more confirmation why you guys need to send it back to senate

Harter

- Just to clarify, we amended the bill and we just needed those amendments to be passed in the senate
- Just needed to ratify the amendments we made
- That's what I understood as the process

Jones

- Per standing rules, any amendments made in the comm is automatically accepted
- Any reference back to senate is the action of it being passed

Harter

- All we did was reduce the amount the fellows will be earning from 300 to 250 dollars

Motion to pass A Bill to Update Legal Code of Pearman Fellowship, reported out of outreach committee amendments.

Ono - Sherkin

Call to question - Wahidullah

Motion passed at 8:49PM.

Motion to unanimously consent to move into excused absences.

Passed via unanimous consent at 8:51PM.

G-2) Old Business
[Debate Time Per Item- 15 Minutes]

H) Recess

Moved into 15-minute recess at 8:52PM, to reconvene at 9:05PM.

Back at 9:04PM.

Jones
- Malhis, thank you for taking notes this whole meeting

Wahidullah
- Point of order, looks like some senators aren't here yet

Jones
- I will recount
- 10 senators present

Report Speaking Agreement: Pursuant to Senate Standing Rules Section F, clause 5, officers of the Association providing reports, must take questions from Senators relevant to the matter(s) or project(s) presented. Knowing that, do you still wish to give a report?

I-3) Unit Reports [Speaking time not to exceed 10 minutes] -

I-4) President's Cabinet Report-
I-5) Executive Director's Report-
Holly Dunn

- I hope you're doing well through the summer. I know some of you shared some updates of how your summer is going, so I hope you all are doing well. So I've been asked to share a little update on the Senate retreat, so hopefully you all have heard by now from Enri or from the Senate leadership team, that he hopes that you all can take a Senate retreat at the end of September.
- So I wanted to make sure that everyone heard that that was in the plans, and to remind everyone of the date. So he has suggested, so far, the Thursday and Friday of the week before instruction begins. So that would be September 18 and 19th. He hopes for you all to go to Sacramento and take a tour of the Capitol. He's been working on some other programming, so at least you all will be doing a tour. You all will have dinner together. We'll maybe think of some other work and or policy that allows fun things, right? Because we're not allowed to travel for bonding or leisure. But you know, you all, we'll certainly have dinner together and do some like educational opportunity type things.
- So we're in the process of booking that right now.

Maryn Hoffman
- I'm one of the internal coordinators for Enri
- I will be reaching out to the senators to organize that pretty soon
- I'll be in your email

Holly Dunn
- Thank you, Maryn. If everyone can, please get back to her and I the information that we need that will really help us kind of move things along really smoothly. So just a heads up in terms of travel requirements for any of you, all that travel, you're going to be given the liability waiver and a code of conduct agreement to sign.
- We'll also kind of set aside a separate time, either over email or over zoom, to kind of cover some of the logistics, the travel expectations, any of the other requirements, how to get reimbursed, all those things. So more information on that will all be coming to you all soon.
- So really, what we'll need to know as soon as possible, if you have that information, is just if you're able to attend. So that will help us dial down any hotel room reservations, some hotels will let us cancel a little sooner. Some of them don't. So if you have an idea of your availability now, if you could get that to myself and to Maryn, that would be super helpful
- Other than that, I can take any questions and concerns. I can update on anything else if that's helpful. And then Melanie, if you want to go ahead and call on people or I can

Sherkin
- Thank you so much. I really appreciate the time that's being put into creating this. This is just a really simple question. This is different from AS one, right?

Holly

- We are working on AS one together, and that's going to be for the entire association. So that's going to be different that is taking place the Sunday and Monday before instruction begins. Technically, Monday is a part of week zero
- So that will be a separate thing in Corwin that'll be open for everyone. So if you all are able to attend that event, also an RSVP form will be going out soon, save the date also went out a few weeks ago, maybe a month or so ago, and so yeah, we'll have some really good programming, kind of designed for everyone.
- So there'll be an authorized signers workshop. There finance 101, we're going to be doing a leadership assessment. We'll be doing an ethical and inclusive leadership workshop. So that'll, you know, be helpful. But I think the Senate retreat is going to be guided more towards you all as senators, kind of having that sort of, you know, educational experience together.
- Something that I've also been chatting with Enri and Evan and Melanie about is doing some separate kind of Senate specific training for you all. So I'm hoping that we can set aside some time before the Senate begins. I'll send an email to all of you to assess your availability, but I'm hoping we can do some more guided workshops on legislation writing.
- We can review the Senate strategic plan and expectations, just kind of hoping to have maybe a couple hours together over zoom, nothing too long. We can maybe split it over a couple days, or do one one week and one another. I know you all are super busy, and so don't want to take up too much time
- So those all to answer the question, Erica, in a long way, are these all things that we're talking about are separate from what they are planning in terms of AS one, AS one will be the association wide programming. It's kind of dual meaning, because as one is supposed to be like unifying the whole Association comes together to learn a type of training. But also the one is an acronym, acronym for orientation, networking and empowerment.
- So that's really for everyone, and then these other things that we're talking about are going to be specifically for the Senate.

Malhis

- For any of the AS senate or exec if they want to host a retreat do they have to go through finance committee
- Have they gone through finance to ask to use an exception for travel even though we have unlimited exceptions

Holly

- Yes, that is still a requirement in financial policies. You all may consider changing that if you feel it's helpful or not helpful, but yeah, that's still a requirement
- Whether it's in their budget or not, they have to get travel approved through the Finance Committee. And then, obviously, if an RCO seeks to travel, we kind of assume that by approving the funding, you approve the travel also, so there's not a separate approval process there.

- I'm also the point of contact for any travel related questions. So if you all are a part of any other BCU or our RCOs, we do have a contract agreement with the Santa Barbara travel bureau to book travel so that it doesn't have to go out of pocket.
- We're also going to be talking more with you all about what really kind of deep dive, what some of the travel requirements are. So I can go into more depth on that, if that's helpful to anyone, but there will be more stuff kind of coming out, but yes, all as groups will still According to financial policy, unless that is changed by you, all will need to go to the Finance Committee

Malhis
- Yes just letting me know
- If we settle on the dates to let me and Jenny know as soon as possible, because we are trying to figure out the date to set our first finance meeting over the summer, and we want to have enough time for you guys to come in and just say that you guys are going to be using an exception for travel.

Holly
- So I don't know when you all will want to set your first Finance Committee meeting, but I think that we're going to be completing stuff AS one and looking at the finance committee meetings begin at four in the State Street room, for anyone that is not familiar.
- I believe that we're ending programming closer to five, 530 on Monday, which would be like week zero. So that's totally your call
- We can communicate that out to everyone, or that kind of is around the time that the as finances 101, is going to be meeting. So you might not have as much advisor availability, because I think Michael and Vincent will be presenting during that time. So we can chat more about it. I think that kind of weekend and first couple days of week zero, I think are going to be busy for everyone.
- It's a tough time of year to balance, I'm sure you all know, you want to be responsive and prompt and kind of on things. And also, you know, everyone is trying to move in, and there's rush happening and orientations happening and training and all that.
- So appreciate everyone's flexibility and being able to come to these training events. We hope that they wind up being useful and helpful for everyone in their positions.

Jones
- Thank you Holly, I'm super excited for the retreat and the trainings

I-6) Executive Officers' Report -

IVP Director of Accountability - Jeffrey Wang (he/him)
Jeffrey
- Hey everyone

- I'm serving as the Director of accountability, and I just want to quickly share two tools I'll be introducing to help us stay organized and also work more effectively.
- So the first one would be an attendance tracker, which will make it easier to monitor the Senate and also Committee attendance in a more consistent way.
- And the other one, which is the main project I'm working on, is basically a Project Tracker for the senators, which will basically bring all of our initiatives into one place so we can coordinate and avoid overlap and also keep the progress visible.
- So these tools are just meant to support your work and make the AS more cohesive. So hopefully I'll be able to follow up with an email containing all the details by the end of the week,

Jiang
- Didn't we already have the project tracker?
- Senator Harter had that one at the end of the last quarter?
- Or did my memory go wrong?

Jones
- They might be different things
- Bills within committees that are not released to the Senate yet
- I don't know if Senator Harter is here to give clarification

Jiang
- Just need point of clarification
- How is that different from the one we already got

Harter
- (not heard due to technical difficulties)

Jones
- We are having technical difficulties, we can't hear you Senator Harter
- For now lets stick with questions for jeffrey while he is here
- Everything else we can touch base after the meeting

Wahidullah
- I'm just going to do a point of clarification
- Since I worked on the initiative with him
- But depending on if Senator Harter's mic is working, I can maybe just provide some intel to help you
- In particular for our legislative tracker app that Senator Harter is working on, it is primarily supposed to provide transparency in regards to legislation in particular to the AS entities in general
- The primary purpose of it is when we are creating legislation pieces, it is completely transparent and open to AS staff
- That is what our perspective is

- I don’t know what particular project Jeffrey is working on, maybe he can elaborate

Jeffrey
- We don't have specific access
- I believe project tracker is for whatever projects senators working on
- They will list a specific project as well as a project description, such as any necessary funding that it need
- I don't know which one she is referring to

Jones
- We can follow that up later
- Any more questions?

I-7) Senator Representative Reports-
I-8) Administrative Reports-

Attorney General Iden
- I just have a couple things to talk to you about.
- I first want to say thank you all for approving the appointments in my office.
- I've been conducting interviews over the past like three weeks to a month or so, super excited about all the people who are hired.
- Everyone's very competent.
- I think the office is going to be able to accomplish a lot this year.
- And then I just had some other things I want to talk with you all about.
- First, I kind of wanted to touch on some procedural things just kind of going on within the meeting.
- First off, my appointments don't need to go through the Office of the President.
- It's kind of a unique office where I appoint my own individuals, and it just goes straight to you guys for confirmation.
- The second point of information, throughout the meeting, is to request more information under Robert's Rules, not to provide any.
- That's kind of like a common misconception. Happened a lot in my Senate.
- Don't worry.
- And then the other thing I wanted to talk to you about is just when you're moving around the agenda, I kind of spoke on this a little bit last meeting, but when you're moving around the agenda, or you're doing items that don't explicitly require a hand vote, unanimous consent is fine.
- It's up to the chair's discretion ultimately, on whether or not to do a hand vote. But you guys are fine if you guys get unanimous consent to move around the agenda or add things to the agenda.
- That's kind of just the procedural things I wanted to touch on with respect to this meeting.

- Other than that, I wanted to briefly talk to you guys about your August 8 email vote.
- I have a few concerns with this, primarily because there's a public meeting requirement for all of our meetings.
- As the Senate, you guys are kind of the ones taking the lead, and everyone's supposed to take after you.
- So leading by example is really important, especially just with the important work that you guys do. It is very integral to the association
- So in legal code and understanding policies, and also in our articles, there's just requirements for what you're voting on and what you're discussing to be made public.
- I don't believe that the results or the vote in general, was made public.
- In my year of Senate, we didn't do a great job with allowing a concurrent option for feedback, which is required in Article Six legislative branch and your public meeting requirements.
- So I would just recommend, before you guys do email votes, send it out, you know, 24/48 hours in advance to the entire Association, and just make a separate Google Form for people to have feedback so they can actually comment on legislation. Maybe open it slightly beforehand, so people can comment before the voting actually commences
- So you are able to be transparent with the student body.
- They know what you're voting on. It's just very integral with your rules, because a lot of people look up to you, especially other association members, they want to take after you, so if they see you doing things behind closed doors, it can seem shady
- I know you guys aren't really doing anything shady, but transparency is important.
- That's kind of all I had to say about the email votes.
- The other two things I kind of wanted to touch on was just editing the agenda.
- So just to kind of teach you guys a quick little metaphor, I guess, is once the IDP hands out the agenda, that is essentially giving an item to the Senate.
- That is, once it's sent out, that's the Senate's property. No one can amend or adjust it once it's sent out, that belongs to the Senate.
- So nothing can be added before the meeting takes place unless it's done in the meeting.
- That is to ensure that the chair doesn't have too much power editing things or taking things out
- Because there is no way to disprove some bias or if things were considered equally
- Everyone had the same opportunity to see what the changes were to be made.
- I know it sounds minor, but it's like the difference between someone getting a piece of legislation super easily versus another person having to kind of vote on it.
- Level the playing field.
- Everything needs to be added once the meeting commences.

- Consistency to making sure the agenda is pristine before it goes out
- And then the last thing is personal recommendation, as someone who used to be a Senator, is make sure you guys are going through the minutes folder
- A lot of the times BCU just submit them
- They might not be done correctly
- I was trying to work on with a lot of the BCUs.
- You have every right to look at the minutes, there is no motion here, no one took attendance
- Just include in the minutes to motion to approve all minutes except XYZ, and talk to the committee
- I think it would be a good change to the association
- Hone in on that this year
- Because ever since COVID, a lot of the institutional knowledge that gets passed on, like how you are supposed to do things, gets lost
- We're kind of in a weird state where people don't really know.
- Kindly give them a helping hand.
- And obviously, if there's some urgent matters that need to be done in the meeting, just email them as soon as you can, ahead of the meetings.
- You should be looking at the minutes before the meeting starts and then try to get ahead of it and see if you can do something in the meeting about it.
- But yeah, that's kind of all I have for you all. If you have any questions, let me know, and I'll kind of be in and out of the meeting for the rest of the evening.

Jones
- Thank you Attorney General Iden
- That was very informative
- Regarding email vote
- I will rely that to the IVP
- We can do now retrospectively
- As for the agenda editing, there's misinformation going around
- So it is superful helpful to have that cleared up because I have been hearing different things personally
- So it is super helpful
- Thankful for your wisdom and your experience in being able to share that

J) Committee Report
J-1) Standing Committee on Finance -
(9:06PM)
Malhis
- Finished our hiring process
- Time since last month, sent out mass email for people who wanted to apply to finance committee
- Got a lot over what we usually have gotten in the past
- 127 applicants

- Our acceptance rate into the finance committee this year was 10% , reviewed over all applicants, including the responses and resumes, and selected the top 25% to move on with an interview.
- Had our meeting with COC, got approved by president today, hopefully you guys will approve our appointments
- The association as a whole is getting absorbed by student affairs and campus
- Finance committee is doing best to negotiate terms, and how AS will have efficiency
- Making sure students still have a say
- Work towards the needs and wants of our student body
- I'll be organizing a team, including president, hopefully CCO and AG to hopefully present in front of student affairs
- This is me and Jenny working together
- Going to try our best for best outcome for the committee as a whole

J-2) Standing Committee on Outreach -
Harter (9:08 PM)
- Don't have a report to give

J-3) Standing Committee on Liaison -
76th ASUCSB Liaison Committee Report 8/20

Than
- Vice chair Wahidullah made report
- Conclusion we've been meeting weekly every friday with student reps and BCU reps, full committee
- Working and finishing legislation
- Most importantly we have BCU assignments, we've been reaching out
- Gotten in a couple BCU responses
- Because they don't function in the summer, we don't have as many
- Main things, trying to strengthen staff and senate collaboration
- Wahidullah has been on forefront of connecting staff, getting things prepped
- Recognizing, in terms of senate, staff puts a restrain, don't have an open dialogue with them, tension on both sides
- They don't feel like we listen to them, which is kind of true, and then we don't feel like we should reach out to them, or we don't need to reach out with them, that's something we're really trying to work on this year
- Me and toledo met with ASPB, had a lot to say
- Main things, they're looking for legal code changes which they'll put in omnibus bill
- Main concern is budget
- If someone could answer, is the budget for this year approved
- Their rollover was only 67%, wanted to move up through senate even though last senate was the one who approved it

- I explained that there were budget cuts
- They are confused in terms of finances
- Claim that they're different numbers given from senate and FnB, different from their numbers, miscommunication
- Relational strains
- Very proud of everyone in committee, working very hard

Wahidullah

- Just provided a detailed report
- We're hoping to get these clarification questions out before fall
- In regards to upcoming appointments, thank you senator sussman
- Sending out the appointments sheet in upcoming meeting
- Previous experiences, primary barrier on how outreach committee was moving
- Right now BCUs are currently going through transitional period
- Trying to clarify appointments, budgets, possibly send legal omnibus bill
- Get everything out of the way so we can start expending projects in the fall
- After the various meetings ive been having with staff, bc rn AS is going through transitional period, looking forward to having more collaborative models with staff
- Highly recommend everyone reach out to staff, especially if you plan on making legislation
- Great way for you to understand better the liaison committee
- Go to their meetings more, have them come to ours
- When everyone is back in person, it's good, and I highly recommend going to their staff coordinating meetings. They typically have their management meetings and Mondays and their staff meetings on Thursdays.
- Just trying to uplift their current meetings right now. And when we have, like, advocacy for staff, then we can start creating more meetings and mixers between staff and Senate, and just overall, bringing more of a collaborative uplifting to one another.
- I think that in itself, really could help create impact towards us, one creating more impactful legislation to the student body, but also making them be cooperative as well, and potentially possibly working on a collaborative marketing committee
- Marketing ideas similar to senate
- Going over logistical details this summer
- Creating possibly a BCU master sheet
- Go to advisor meetings too
- Getting these clarification questions out of the way so we don't have to deal with them during academic year

Than

- I just wanted to add to as a resource for everyone
- We have the entire staff listing, all BCU listings, contacts for staff, what they work for, who they're advising on our resource page

- It's really easy for you guys to get in contact, especially since Holly is offering it so it's literally all written out for you
- We even have email templates to reach out to them, very easy. Self efficacy

J-4) Standing Committee on Advocacy -

UCSB Athletic Performance Center (APC) – Brief for Student Senate Action

Sherkin (9:16PM)

- Two updates
- One is that were fully staffed, first meeting next wednesday, will send out google meet link, making sure it's accessible to everyone
- In my report, I have brief from APC
- APC is what reps from triathlon club were talking about
- All in there, this is a big issue
- Cuts in student affairs
- Therefore APC, they are not able to fund their trainer, cutting a bunch of student positions
- Really big issue
- Been working with Wahidullah, getting COSWB involved who wants to help us fund this
- Email me or Wahidullah if you want to work on this
- Advocacy has a lot of good stuff coming up, any questions ask me

J-5) Group Project and other Temporary Committee Reports-

K) Minutes and Allocations:

To Be Approved

Motion to bundle and approve all minutes and allocations.
Wahidullah - Ly
Call to question - Sherkin
Motion passed at 9:20PM.

L) Discussion Items

M) Appointments and Resignations

Motion to bundle and approve all appointments and resignations
Than - Sherkin
Call to question - Wahidullah
Motion passed at 9:20PM.

<u>Office of the Internal Vice President</u>

Tyler Ho as Internal Affairs Coordinator

<u>Senate Finance Committee</u>

Angad Batra as Finance Officer of Technology
Isabela Bandner as Finance Officer of SEAL Liaisonship
Elena Lin as Finance Officer of SEAL Liaisonship
Andrea Macias as Finance Officer of Transparency
Carl Lindroth as Finance Officer of AS Liaisonship
Alyssa Draper as Finance Officer of External Funding
Shreya Jain as Finance Officer of Special Projects
Aaryan Gundecha as Finance Officer of Special Projects

Office of the Attorney General

N) Remarks

O) Adjournment

Motion to adjourn the meeting at 9:21PM.
Wahidullah - Malhis
Call to question - Ly
Motion passed at 9:21PM.
