Senate Agenda 10/29
Associated Students UCSB 76th Senate

Zoom Link

Minutes/Actions recorded by: Sydney Arbolado, Liliana Dritz, and Summer Tucker. **CALL TO ORDER** by Enri Lala, Internal Vice President at **6:36PM**.
This meeting was called to order at 6:36PM in the Flying A Room by Internal Vice President Lala.

A) MEETING BUSINESS

"Before we begin, we call for students to acknowledge that the lands that the University of California locations were built upon were expropriated & founded upon exclusions and erasures of Indigenous people's human rights throughout California. UCSB is built on Chumash Land, specifically that of the non-federally recognized Barbareno tribe. As an association that pushes the student bodies' voices to the forefront, we should aim to make strides past just acknowledgment to those who continue to fight for their right to be recognized & respected as the original stewards of this land. I ask you all to dedicate time & care to personal education & to advocate for justice alongside Indigenous peoples."

ASUCSB Executive Director Search Committee Proposal
Luken

Luken (7:04PM)

- President came to talk abt this two years ago
- This week it is finalized
- Hope you've read it, very important
- Everything president outlined in slides, discussing what she wanted from this is in proposal

Wahidullah

- More elaboration on the processes under frame when it comes to the integration process for the exec director?
- Existing platforms, particular outlines?

Luken

- This resolution establishes the committee, but those processes will be decided on and finalized by committee under committee responsibilities
- Made very clear in here
- Everything to the approval of the senate
- Committee will give regular or I'm assuming weekly updates

Lala

- People refer to legislations as bill

- Not necessarily a bill
- It's in a grey area, not exactly legislation
- It's a proposal being set up by the Senate, still has validity and is binding, but not bound to criteria legislation is

Pascher
- What is the like of this bill looking like?
- Not mandated to be referred to by a committee
- What's the idea of where this is going?
- Is this going to be approved by a vote in this meeting?

Lala
- It can be

Luken
- It can be referred to a committee, same as anything
- Not subject to the legislation form, not legislation or a bill

Sherkin
- Wondering, couple meetings ago Metzger came in and discussed senators that were going to be on committee, talk about if senators want to apply to this, is it still applicable

Luken
- For all representatives, the president sent out applications to apply
- So yes, she's the one who makes the appointments subject to approval by the senate
- People who applied will then be decided on by the president

Pascher
- Confused on why this is a grey area
- Should be a resolution in my opinion
- If it could be referred to a committee, that would be my preference
- Want to hear what AG has to say
- Think it should be an official piece of legislation

Luken
- Can't speak on behalf of the president, don't disagree with you
- President wanted it in this form
- Not precisely sure why

Lala
- Understand that it wouldn't be sent from a senate committee as such
- We can have influence, but it's chaired by president and student affairs
- Unclear if Iden can elaborate on this

- Don't believe any senate committee can be chaired by a non senator

Sussman
- Wouldn't it be best to have this as a resolution bringing discretion to the senate and committee?

Iden
- I'm also confused as to why this isn't resolution, especially with the ad-hoc
- Non voting members, like exec director, part of most committees, not a student
- Especially since student affairs rep does not have voting rights, don't see issues with it being a resolution, think it would be better if it were a resolution

Lala
- No committees that I knew were chaired

Iden
- If the Senate endorses it, I don’t see an issue
- It’s the senate’s prerogative for the selection of the executive director
- So you determine how you answer

Pascher
- To add to that, doesn't make sense for senate to be approving members for committee under appointments and resignations if it’s a grey area

Ono
- If this is case, would it be best to come back or should it be referred to committee instead

Iden
- On behalf of president, she does want it passed this meeting, wants to start meeting next week
- The president requested 2 staff representatives, would like to see that amended

Harter
- Think it would be best as a resolution
- Perhaps a resolution could be written at the end of the night, written by you or by her

Sussman
- Being that resolutions have to go through senate coms
- Would it be more prudent next week to have it as a well written resolution seen by senate and we can table it next week to committee and then do a motion to discharge

Iden

- The president does want this tonight
- You guys could simply discharge it to committee and do it tonight
- Don't see an issue with it being created and put on senate floor tonight
- Up to yall

Lala
- Might save us some time to make a proposal you can either agree or disagree with this
- An email vote might take care of thai
- Make a fully drafted thing
- If there's disagreements, doesn't pass, people are dissatisfied with it, then at the same time the email vote would satisfy president's request
- That's a possibility

Wahidullah
- You mentioned email vote
- President's request has specific comments towards that
- Does she say why she prefers 2 staff advisors instead of 1?

Iden
- The reasoning behind that, personally I agree with her, main responsibility of exec director in managing staff, makes sense for those interacting with boss every day to have fair amount of representation on committee

Ono
- Being that text on this is similar to having an ad hoc committee, maybe Luken you want to do it tonight and then we could add amendments and pass it tonight

Luken
- Don't have strong opinions on this
- As a senate we could pass whatever we want
- Nothing will be wrong except it's not as procedurally sound as we want it to be
- Would be fine, if you think it's better as a resolution, think it's completely fine

Sussman
- Want to go off merit from past couple weeks
- We've been harsh about having well written resolution
- If we delay this by a day for an email vote, think that might be the best case

Ly
- Might agree with email vote as well
- 2 instead of 1 staff could just be put in resolution, we pass it via email vote
- We could all see it, what our IVP was saying, if we don't want to discharge it,
- Could be clearly stated there as well

Harter

- If we follow through with email vote, wouldn't it have to be discharged through a comm at some point

Lala

- It would be the resolution itself offered for discussion, motion to refer to whatever, motion to discharge from, motion to vote on

Harter

- Would like to endorse that

Iden

- You guys can also just suspend standing rules

Lala

- Don't think that's main problem
- Actual problem is the drafting
- Can we do formal hand vote
- Essentially pass as it, make into a resolution tonight, do an email vote and add it on, or do it next week

Luken

- Working on it right now to do in resolution format

Claro

- Share the same sentiment with Pascher when it comes to procedural questions of this bill
- Wouldn't those be illegal to pass during a session, question to AG, also conflict of interest, where you're recommending suspending standing rules?

Llala

- Not a bill or standing policy yet

Claro

- Wouldn't procedurally questionable motions be legal to pass in a session?
- I rescind

Lala

- The role of AG has essentially been advisor

Informal Hand-Vote:

Vote on As Is: 1

Vote on Drafting Resolution, Vote on it Tonight: 14
Email Vote: ~2

Lala
- Luken please work on this for reasonable amount of time

Pascher
- Don't love idea of something on new business and it not being voted on
- Think we should vote on it

Lala
- Let's not spend too much time on this

Motion to suspend proposal indefinitely.
Luken - Ono
Call to question - Wahidullah
This motion passed at 7:23PM.

Motion to unanimously consent to move into item G Action Items.
Passed via unanimous consent at 7:24PM.

Luken (8:48PM)
- In interest of transparency I've copied over exactly what was in the original proposal
- I haven't made any changes, just purely just to not so everyone knows what's there, what they've already read

Pascher
- I'd also like to force discharge of bill that got lost in committee

Lala
- Not doing that tonight
- Send senator leadership, the piece of legislation, and we will add it on in the next meeting.

Pascher
- Spoken with both chairs of committee and senate leadership and it was recommended to force discharge this for 3 weeks, asked several times, exercising my right to motion this on the agenda

Lala
- That when something has been referred back to the Senate, it's not up to either of the three of us, any of the three of us, to go back in and scour through agendas and all the rest of it

- The relevant chair, send it over to us so we can make an exception.

Motion to amend the agenda and add a resolution to form the UCSB executive director search committee.
Luken - Riss
Call to question - Ono
This motion passed at 8:51PM.

Luken
- To clarify what I was saying before
- There have been no changes from what was earlier on there
- To the content of what was in that proposal

Sussman
- President and AG have requested to have 2 staff members on this comm
- Something that enate should consider being that it's requested

Ly
- Does Metzger want 1-2 or clearly defined 2?

Metzger
- You can say 1-2

Malhis
- Think you can keep 1-2 , good
- Afterwards when we appoint, we can make that decision
- Think Metzger has spent a good amount of time interviewing people for this committee
- Think that'll give us more time to look through that choice

Motion to open a resolution to form the UCSB executive director search committee.
Than - Ly
Call to question - Wahidullah
This motion passed at 8:53PM.

Motion to close a resolution to form the ASUCSB executive director search committee.
Sussman - Malhis

Luken
- I'd like to make a motion, I'd appreciate if we didn't yet

Malhis
- Can we hear reasoning?

Luken
- In interest of maintaining balance of student power, want to add another student representative

Second rescinded.

President Metzger
- I put out an interest form and 6 students expressed interest, and we'll be moving forward with all
- There's not even a demand among students for more representation

Lala
- This is 2 to 3
- There is a possibility for 7 under this

Luken
- My apologies for not bringing this up sooner

- Would having a student who’s not involved in the association be amendable

Metzger
- Reasoning?

Luken
- We're trying to be more transparent as an association, and this is one of the most direct, important ways to get students involved
- I think students should know who's the director and the staff member leading the association that they're represented by

President Metzger
- I represent students

Back here at 9:25

Lala
- Let's say $3,000 and we could again motion it next week, or have a detailed plan for outreach, 3000 for advocacy, 3000 for liaison. To supplement lack of funding. Are we clear on this idea?

Jiang
- I'm not opposed to the idea. I think it's a good idea. What I'm suggesting is the structure of how we do the approval of the request. I recommend doing the same thing as we do with the finance committee, at least. I think they should provide an itemized budget or a plan of what they're trying to purchase. Is what I tried to comment actually previously on the allocation of the 3000 or actually 4000 for the outreach it's like, it would be nice they would have a general idea of their estimate, rather than just give committing blank check them, like this amount of money that you just go

Lala
- Agree with you. And I met with finops today. The inability to track the finances of the association of most events. We as an institution are guilty of that as well. Raise your hand if you are an authorized signer of the senate? So like under a 4th of senate. We should all be authorized signers. We don’t need to be, we should be

Malhis
- There's a cap of 3 members per organization

Jiang
- 3 is a minimum actually
- Cap is 1000 signers per year
- Has not been implemented because Michael has not implemented it

Lala

- Chairs of committees should at least be authorized signers and should know what is going on and have itemized budgets for all of these. We should discuss the amount we give from the senate unallocated to committees.
- Should have as detailed of a proposal as possible
- Chairs should be authorized signers, submitting requisitions for everything. It should be as easy as possible for financial operations to know what happens and not have to chase our trails
- We are in the middle of a motion so I guess I am just talking

Luken

- I think this contradicts something we had talked about. It might have been a meeting that you weren't sharing, but this involves the attorney general. Like, when a second is rescinded, it makes logical sense to me that the motion will still be on the floor. So we see if there's a second, but I would like someone to confirm if that means we're that means we're back in discussion, like the motion's gone as well, if the second rescinded, or are you back into the motion? Or, like, just, just

AG

- The technicality is that if someone makes a first and someone makes a second before the chair has the opportunity to say do you want to rescind your second, it goes back. They can rescind it and it goes back to the first. But if the chair states you're in discussion, you can't rescind.

Motion to approve Library LNS Memorandum of Understanding.pdf

Pascher

- Long time coming
- Discussions have been in progress with campus admin in library from early September
- Last step we've been able to come to to reinstate late night study in partial capacity
- While this isn't necessarily in line with the resolution that we passed earlier, stations position to bring back late night study at a 24/7, hour kind of capacity. This is a half step.
- Library is facing budget cuts
- This isn't unique, several campuses on CA having to reduce library hours
- Some have been successful in reinstating, some have not
- Not our official position as Senate, think this is a good half step
- Timely to provide an intermediary solution to students
- Better to be closed 3-7 than 1-8AM
- This memorandum of understanding has gone to library Todd, Matthew Bly, Metzger, Sean, myself, Noah
- Working with campus leadership
- If you go section by section, parties, purpose, timeline, scope, responsibilities, remaining funds
- If we approve the memorandum of understanding, doesn't mean anything is being passed yet
- Hope you guys can all read through it
- The only room we've been able to take in situation

Chaudhry
- Know a lot of students affected by this
- In talks with the library, was there any talk about having 24/7 back for students?

Pascher
- Absolutely
- Have been really stubborn in our ways
- In the memorandum of understanding, it's outlined that we'll be in communication with campus and library to reach that end goal
- It's going to be data driven ultimately, hoping to get 24/7 back, we're firm in that

Malhis
- Concur with Chaudhry
- Want to share some concerns
- On behalf of association and caring for finances
- Seems finance committee has become a source for other departments, center of innovative learning, the library, few other departments going to us and Senate and requesting over 20k
- Which is very draining, though it's our responsibility to help out students
- But our job is to create new programs and help students, instead of directly supplementing these existing departments

- Everyones sucking money out of us, this money should be spent on RCOs
- This money that can go towards travel and student initiatives are being used for campus departments

Sussman
- Right now, it's our due diligence to serve all students
- For that reason, think this memorandum is precisely what our job is
- Leads to a thinking about what were funding
- We've all had several conversations about how much we have in our association, in senate unallocated

Harter
- I'm personally in the middle of your opinions, valid points
- The senate's going to be utilized, requested to fund a lot of things, administration needs, something we need to be prepared for, there will be a lot of requests for funding
- Think this request is valid
- We should fulfill this one
- We have to be prepared in the future
- We can't just spend

Pascher
- I fully understand
- In the opinion of voting frugally
- I'd like to point out that our responsibility as student leaders, in our constitution, that all students should have access to adequate study space
- It's our constitutional duty
- It begs the question for us to be funding this
- We shall give the students an adequate study space
- If you guys feel that the association shouldn't be voting that way, do so
- Support independent thinking

Manakova
- In the MOU says fall quarter will be a testing period
- If they find that nobody is using the spaces at that time, are they going to cancel it?
- Curious what the testing period is

Lala
- If it can be demonstrated in offering these hours, students will make the most of it
- Will increase relative to fall, make it clear that 24/7 is the only way out of it
- Alumni donations, might have to get creative
- Will have to tap into multiple funds
- Don't think it'll be concern in de facto

Manakova

- A lot of people are out partying on saturday nights, a concern I have

Lala

- Friday and saturday evening, we'll close 1AM
- Sunday evening through Thursday evening 3AM?

Sussman

- We've been in constant communication with library in how they measure student activity
- Some concerns about it
- This MOU is a reason for us to constantly communicate with us going forward
- Emails going out today between library and Metzger
- 24/7 is the future, but Pascher has put so much work into this half step

Malhis

- Appears I have miscommunicated to senate
- In total support for this MOU
- In no way against it
- Just saying this association should be cautious in the future
- Agree with Manakova in studying student activity measures

Sherkin

- Want to answer your point Malhis
- Had a convo with Michael in the summer
- Saw what was going to happen, big snowball effect
- Thank you for bringing up this larger issue
- Unprecedented times
- We as a senate, taking on a special time right now
- We are going to start being a source of a lot of larger than life programs
- Want to congratulate the folks that worked on this
- Every single person I talk to mentions the library

OlaOlaitan

- Want to ask what happens during finals week
- Once it's getting closer to finals, would there be possibility to extend those hours to 24/7 for finals week? Especially for this quarter
- Don't know how much this goal I'm trying to achieve is getting done
- At least for finals week, feel like something should be done
- We could have finals week and 10th week, those 2 weeks could be 24/7

Luken

- Very good news
- Library during week 10 and finals week, they already said they'd be 24/7

Jiang

- Maybe I'm being picky
- Looking at instagram library posts, don't think we as senators getting enough credit
- Sounds like lib is getting all the credit

Motion to suspend Senate standing rule C2 for the duration of the discussion on Library LNS Memorandum of Understanding.
Luken - Pascher

Point of info - Harter

- What does it say?

Luken

- Limited 2 rounds of speaking

Call to question - Ly
This motion passed at 7:41PM.

Pascher

- We're going to be in committee with library
- More recent developments were taking care of, pilot week
- I have yet to go in person and check that these changes are being implemented
- We had to be in communication with library and personnel that runs in instagram page
- Do share that sentiment
- Absolutely prudent that association be recognized for the funding and work that's gone into this
- In our eyes, great opportunity to serve our students
- If students don't see we're serving them, it's a shame

Lala

- It's in your guys' hands to make sure our contributions are known

Harter

- The outreach committee is definitely going to prioritize this
- Definitely going to ensure students are aware of who did this

Sussman

- Would like to commend Pascher, Luken, Lala, Metzger, vice chancellor Miller, new chancellor Assanis
- Constant meetings with library, so much work

- To students who feel benefit of this, hope it goes on public record that these specific students served you guys at large

Luken
- Can't accept personal credit
- This is a reflection of the association and the capacity it has to help students

- In our minutes, we were requesting $3,000 for this pumpkin patch event
- A lot of this funding will likely be coming from other sources, but not finalized yet
- So actually, I would hope this motion could say, 'provide up to' because odds are we're not going to use anywhere close to this.

Motion to provide $3,000 from Senate Unallocated to the Senate Outreach Committee for any and all costs related to the Pumpkin Patch Event to be held on 10/30/2025.
Wahidullah - Chaudhry
Point of order - Pascher
Pascher

- Who was here for attendance?
- Thought it was a miscount, my bad

Lala
- Can we discuss that in discussion?

Point of order rescinded.

Malhis
- Can I recommend for this motion to be changed to from program board to program board MOU instead of senate unallocated, since it's an on campus event?

Luken
- Don't know enough about this, but as an outreach committee, our position is that we need funding for this event, so I don't really mind where it's from.

Lala
- This is the quickest route, and this is tomorrow
- And the other hash is that I spoke to the associate director of budget, Michael Cea, who is not only on board with this, but this is one of the discussion items
- We are on board with creating a structure through which the senate unallocated has a designated amount to give to committees so you can pursue projects because those amounts are relatively meager

Hepburn
- Can we raise this $3,800 budget to 4K?

Lala
- Up to 1000 is from outreach, this is remaining amount from unallocated

Pascher
- Would love to be informed, don't you have to consult from program board to pull money from their funding?

Malhis
- Technically yes, but because this falls in line with their mission, they have no reason to reject it
- They can feel free to spend that money if we switch to program board, they have 5k
- It’s best if we exhaust these MOUs that are building program
- My only concern is that we haven’t consulted program board
- You can motion the MOU to program board’s minutes

This motion has passed at 9:47pm

Sussman

- Over the summer there was a outreach committee meeting that did not meet quorum
- This bill was discharged from committee but there was a lack of communication and It got lost
- The reason it is being discharged is because I met with Attorney General and because meeting did not' have quorum, the proper way to do it is to force discharge just for precaution
- This was supposed to be in senate in august

Iden

Motion to close A Bill to Amend Pardall Center Legal Code as amended.
Sussman -

Pascher
- If you go down to section 1B, pretty serious, says the lock in fee of 3.54 on student where it previously said 3.45?
- Or is that reflecting a new lock in fee that has passed

Lala
- Sean, could you comment on this?

Ono
- The fiscal year 2026 budget has lock in fee set as 3.54

Lala
- Can we assume it's been adjusted for inflation?

Sean
- Last inflation adjustment was 2022, it's a change yes

Lala
- Would you be able to see last spring data?

Malhis
- Know that pardall center has been thinking about lock in fee increase, but it wouldn't be allowed through this bill

Lala
- There's also a change of modifying lock in fee from AS and IV to pardall center
- Can't be amended through legislative change?

Sean
- Can be legislative change, so no one's confused about ballot itself

Sussman

- I messaged Michael over summer and Rosales, the name on past two years has been AS and IV, which is why this bill is getting rid of it

Sean
- This past spring, the one that was passed was $3.54

Luken
- Is the pardall center a lock in?

Lala
- Yes

Ly
- That’s the change we're making, they used to be AS IV?

Lala
- Yes

Pascher
- Can I ask officers of this bill
- Is there an official confirmation that that is okay, and that there's nowhere else with that number?

Ly
- For funding it should be 3.54
- Other fiscal impact is positions, names were changed to clearly define them
- Nothing else

Than
- If you’re talking about any type of funding, there's a new authorization under policy 32 section C
- They say the authorization of expenditures changed from 500 to 7000
- If that’s something you’re concerned about, the attention is that they don't have autonomy over pardall center according to their legal code
- Can't change it to work with student needs, can’t even decorate

Ono
- 3.54 is recommended budget for 2025-2026 fiscal year

Lala
- 3.54 on the spring budget , that’s the lock in

Malhis
- Because pardall is a lock in, 3.54 is what was on the spring ballot and voted on yes?

Lala
- Yes

Pascher
- Don't understand how bills are getting on committees without things like this being caught
- It’s ridiculous to be honest

Motion to close A Bill to Amend Pardall Center Legal Code.
Ly - Malhis

Luken
- Section 4 article 2 of by laws
- Where is pardall section enumerated?

Sean
- The official name on ballot is maintaining AS’s official presence in IV

Sussman
- It’s on page of all designated lock in fees
- It’s in legal code currently

A Resolution to Establish the First-Gen and BIPOC Peer Mentor Advocacy Program (...

referred out of Outreach Committee with amendments

Wahidullah - OlaOlaitan

Wahidullah (8:19PM)
- Two key points about changes that have happened
- Met with outreach yesterday
- Helped do any amendments
- Should be all formatted, no grammatical errors
- Came with reps of SCORE board
- Forwarded and shared with you guys
- Just to answer some particular and specific questions about SCORE's capability and interests
- Overall, they've given a reaffirmation of their intention
- This should be good to go
- Shared with you guys the report, and Kamaya Jackson did email you guys

Lala
- I've sent the reports to all of you

Luken
- Single motion, we opened the documents
- Someone motioned to fix the formatting
- From there, just adjusted the formatting to be consistent

Manala comes in at 8:21PM.

Ly
- Question for authors
- When would this program start?

Wahidullah
- Because of timing inconvenience I'll be meeting as soon as this is passed to see how it could be best facilitated
- At least, we have the pilot program for the fall

OlaOlaitan

- Very good bill
- My personal experience coming to UCSB
- I was apart of a pre-med society
- They had a peer mentorship thing, genuinely helped me go through my classes
- It helped so much in my UCSB career in general
- I see first gen students coming in, don't have anyone to go to
- Someone who's a 3rd or 4th year could help them, they'd have more personal experiences

Wahidullah
- Re Emphasize the urgency of this legislative piece
- Can't condone all details without closed session
- Because of things happening on campus and administrative planning, budget cuts, it is critical to have this peer mentorship program to navigate all of the risks
- At least we have security to help manage this support

I-3) Unit Reports [Speaking time not to exceed 10 minutes] -

I-4) President's Cabinet Report-
(8:26PM)

President Metzger

- Starting November 1st, Calfresh won't be available
- Had meetings with basic needs team and chair of academic senate about what can be done about food insecurity
- Also my office
- Maybe offering more food swipes from food bank
- Getting a restaurant to do donations for people who show their EBT card
- Hoping to have more clarity about that after this week
- Hopefully presenting a more clear project about that, and pull resources from groups across association and senate unallocated
- We have 5,400 students on EBT at UCSB
- Not the money to be providing them all with 300 dollars
- We have to do something to address the issue in the interim
- Just a few updates on exec director search committee
- Sent out form for feedback from job description
- Also had open forum, been receiving feedback on job description
- Once the search committee meets, looking through feedback, finalizing job description, will come to senate in about next 2 weeks
- Once senate approves it, it'll go to associate vice chancellor Susanne and then HR
- In regards to exec director search committee, would like to request resolution be made to have 2 AS staff members on it
- I've chosen the people I think would be best for the search committee, would like to move forward with them
- Think staff diversity and perspective is important
- Managing AS staff is such a large part of exec directors position
- Said that from my first presentation that I wanted 1-2 staff members, didn't get much pushback on it
- Didn't see it would just be 1 staff member until it was on the agenda
- Hoping that can be changed
- Would like to request that ht appointments I've selected be added to agenda as well

Lala

- When do you expect the first meeting of the search committee to be?
- If it is after next wednesday, I'd prefer to get appointments in ahead of time as much as possible
- If it's after next wednesday, is that possible?

Metzger

- To be determined, sometime next week
- The goal is to get this going as quick as possible
- Been a lot of pressure on me to get the hiring going
- That's what I'm trying to do
- Apologize that I wasn't ready before agenda wasn't sent out
- Had a lot of deliberations to make, didn't want to make rushed decision

Than

- Considering last year's senate meeting was 'can't this wait?'
- But this is something that can't be waited on
- Me as a senator wouldn't mind having this motion on agenda considering the magnitude, want to avoid 30 minute discussion of last week

Harter

- Myself and other senators are working on a super kitchen, lack of better words, it's a soup kitchen
- We're going to market it up, make it more appealing
- Would be a great project to get your help on

Motion to unanimously consent to move into item I6 Executive Officer's Report.
Passed via unanimous consent at 8:33PM.

I-5) Executive Director's Report-
Sean Lieberman (6:42PM)

- As regards to reorg, very close to having something to show senate
- Meeting with staff nonstop about it for last 2 months
- Good perspectives on it

Luken

- By the reorg, you're talking about us getting situated under student affairs

Lieberman

- Yes, the pro staff got moved under student life cluster in student affairs
- Just the director then vice chancellor
- Now an extra layer there
- For you, you don't have that layer
- When Marisela retired, I'd been thinking there's a long time since staff had changed organization
- Things have changed, there's gaps
- Looking forward to our 2-day retreat about how we can reorg the whole pro staff to best serve the mission
- Starting really strongly in summer
- Been difficult
- Big picture project
- Stepping back and assessing what people could do
- Everything was on the table, narrowed it down to fewer things
- Trying to emphasize that every group will be supported, advisors for every group, advisor won't be exec director

- That’s how it used to be with Marisela
- Had to correct for that
- Part of why I’m doing this
- Want staff and student leaders to advocate

Pascher
- Is there going to be a fiscal impact included in the report, or a budget reduction, how much were spending on salary?

Lieberman
- There can be an estimated, I’m not sure
- Don't anticipate many new positions
- Lot of it will be consolidation of empty positions
- Reclassification of people to do higher level work
- Don't have number
- Still looking at variations
- Have it within our budget to have a few more staff people, but also want it to make sense
- Doesn't make as much sense as it could

Than
- Wanted to check to clarify for senate what is the main duty of the staff advisor, some BCUs say someone who’s an exec director and I don’t think that should be their main job

Lieberman
- At least in part, yeah
- The difficulty of the university is that everybody also does other things
- People don't just direct, manage, supervise, they just do the work and we have sm groups now
- Want it to be more dedicated yes
- Whatever level of advising we need, I’d advertise in the job description
- Don't want leftover groups to come to one person
- Not fair to anybody
- Want every group to have some matter of advisement
- Only fair
- The only ask from senate, if you're treating a new group, think about who their advisor might be

Malhis
- You were mentioning about how advisors are part of student life
- The students are not really impacted by this
- How does this impact the financial operations of the association?

Lieberman

- It doesn't, our financial operations are still separate
- Putting more things on gateway
- Rest of our budget have been generally similar
- Still have bank account and flexibility
- That's not staff money, that's student money
- Were not absorbed, were having one more layer
- We do communicate more with other parts of the division

Wahidullah
- Could you elaborate further on the advisorship processes, how you're appointing them and such?

Lieberman
- One part of it is is what groups don't have advisors that already have existing relationships with staff
- So I've been looking at that...
- This group is talking to this staff member, do they have the bandwidth to do it, now they're the temp advisor at least
- If we need to hire someone who's advisor for 6 groups, half are technical and half aren't, great
- So much about what do we need, how can we afford, making sure everyone is supported
- That's why I'm trying to do this as quickly as I can
- Very difficult

Claro
- With the onset of the current fed shutdown, has been affecting
- Does the UCSB admin have a contingency plan on addressing student food insecurity concerns?
- Good swat of undergrads are food insecure from past surveys

Lieberman
- Don't have insider info on that
- Heard from food bank, food bank has plans
- They have processes in place to increase staffing, services, 3-4 different avenues, crystal is on top of that
- Can check to see
- Limited communications on that front
- Haven't seen concrete plans
- Can ask around

Jiang
- Average number of BCUs that each advisor would get?

Lieberman

- Not gonna be evenly distributed

Jiang
- More even than now?

Lieberman
- Yes
- One person won't have 13
- Don't have solid cap for how many is too many
- Would have to ask advisor what their bandwidth is for things
- Some people would advise for 1, some people 7
- If 3 of those are groups that don't do as much, that's doable
- Getting past that mental block, they at least know they have someone to reach out to

Malhis
- You touched upon this subject
- Staff being familiar with BCU budgets and helping out students
- Know this is a big thing, were getting a lot of staff
- Could you expand on how staff is getting educated on budget process, 4-5 weeks we're starting budget cycle
- We're helping BCUs prep for budget hearings
- Lots of work
- With all these advisors, how have staff been preparing for that?

Liebeman
- Lot of training devoted towards new financial system
- Once we get closer, we'll be training newer folks and lead them through things in advisor meetings
- It'll be trainings, advisor's meetings, staff meetings

Lala
- You mentioned you've been meeting regularly w staff about this issue
- Is there an opportunity for a student officer to be present? A senator can tune in and give updates perhaps

Lieberman
- Most meetings have been one on one
- People can come to a staff meeting and then we can chat about it
- Want to wait until I have something visual, could be confusing otherwise
- People feel more comfortable conveying opinions in one on one
- Will start bringing in something more concrete
- One or two reps could come to staff meetings or closed session

Lala

- Closed session might make sense

I-6) Executive Officers' Report -
EVPLA EJ Raad (8:33PM)

- In interest of respecting your time
- Lots of projects, main one is save Deltopia campaign
- IV foot patrol has proposed 72 hour noise ordinance to Deltopia, which can also be moved to any weekend they think
- Wrote the story to nexus, instagram post has 60k views on it, lots of engagement
- Obviously students care
- Organizing town hall
- Going to have Joe Schmidt, who's proposing ordinance, going to have Bly, going to have representative from SB board of supervisors, unfortunately Capps can't make it but Eleanor can
- Looking into getting local reporting on it
- KEYT, etc.
- Big deal
- The way that students can make their voices heard about this is showing up
- If there's only a few people in the room, they won't care
- Need a lot of people to pressure them
- Cordially inviting all of you, November 12th, 5PM, IV theater, free chik fil a catering
- Cannot emphasize enough
- I have my office
- Making it mandatory for them to come
- Also meeting with president of panhellenic to get a lot of greek life reps there
- Highly important that we have AHOD approach for the students' side of things
- Going to start promoting this
- Right before town hall, class is ending there, convenient
- Definitely want to keep in touch with you guys about scheduling, lectures
- If you have any social media ideas, let me know
- Please let organizations know, we'll be sending out flyers
- If you have connections, I would appreciate that
- That's the biggest thing I want to talk about
- We all understand it's not just about partying, it's about students' rights
- Think it's important we provide that space
- Encourage all of you to come and bring anyone you know

Luken

- Firstly, I didn't hear the date for this?
- Do you have a plan for centralizing means of dispersing information or collecting addresses of students who go to this?

EVPLA Raad

- November 12, 5pm, IV theater
- We were initially planning on sending out form where people would sign up electronically
- Do like idea of collecting email addresses

Wahidullah

- Connecting you to the right resources to expand your initiative
- Can you give an overview about the committees or entities you've been successfully communicating with
- Is there any additional ones to help with?
- I know a lot willing to help

EVPLA Raad

- In terms of who we communicate with already
- Panhellenic and IFC
- We've begun reaching out to campus dems, have a lot of interest in it
- Reaching out to social clubs, just to have them come and show out
- Spoken to Snow Club staff, they're interested
- Spoke to someone today, had a bunch of BCU connections to give to me

Wahidullah

- If it's a local affair, IVCRC

EVPLA Raad

- Oh she was actually from IVCRC

Wahidullah

- Yes, and EVPLA

EVPLA Raad

- Didn't know if I mentioned, this is also in collaboration with IVCSD, community and services division
- They will have a member of their board on the panel, and they'll help with promotion and all those sorts of things

Malhis

- Really close to chair of IVTU and members of Pardall Center
- Can give the information to them
- Since finance committee reaches out directly, we can print out physical flyers for everyone to take
- We get a lot of sororities, social clubs
- We can leverage this to a lot of people
- The flyer would be done tomorrow

- In terms of pardall center, I do meetings in pardall, already in contact with pardall center

Pascher
- You already have my contact, I'm putting myself out there
- How many people are you expecting to come to IV theater
- If people are spilling out of doors, I can contact people and get SBCC students on it too
- Don't know if that's something you'd like

EVPLA Raad
- Definitely want it spilling out the door
- Don't want it to be rowdy
- Some time ago, they wanted each day to end at 10 instead of 12, people were spilling out doors and they didn't go through with it
- IV theater capacity is 500 something, we'll be in touch

Sherkin
- Have you had any contact with local IV centers?
- Yikyak
- If they're into Deltopia, they may bring business
- Happy to reach out to them on your behalf
- Know we have a bunch of students coming in for Deltopia from other UCs
- If you want to make a bigger presence, maybe an online form that other UC students could sign

EVPLA Raad
- Yikyak worth looking into
- Like the form idea
- I know IV foot patrol has stated reasoning that too many people from out of town come for the event
- Definitely makes sense to talk to out of town people for the event

Jiang
- May sound redundant, but the main message of the whole event is just to attack the ordinance?

EVPLA Raad
- It's public comment, so people could come and say we do want the ordinance, not gonna take the mic from them
- My purpose is to make voices heard

Hepburn
- Do you know of limits on voice amplification
- Speaker phones in the outside area

EVPLA Raad
- Don't know
- Maybe an ask for forgiveness situation

L) Discussion Items

Supplementing Senate Standing Committee Budgets from Senate Un allocated

Project Tracker and Referral of Legislation to the Senate

Lala
- The expectation is that you add projects to the tracker. If you have several projects, you can add as many as you are involved in. At the bottom of the chairs to list if they are completed or in planning phases.

Sherkin
- If a committee is working on a bunch of different projects, it's hard to see the name and description of the projects. Can we link under senate standing committees the project brief to that name? Something like a google document link that takes someone to a full brief on every project.

Lala
- Fine with me. Does everyone understand that?

Malhis
- I think that's a good idea. If you are slightly interested, you can text the person. I think that every senate meeting we are restricting things more. I'm just saying that it's hard for me to remember all the things I have to do. Doing that, doing this, I want to have a little bit less tediousness in our process of doing things

Lala

- I think showing the student body what were working on isn't tedious. I would characterize it as transparency. Under individual items, it should be senators, and under committees, it should be things committees are working on.

Sherkin

- Is it okay if I do both, personally, I want to be transparent about what we are doing on the committee. I want to provide as much explanation as possible to what we are doing. This is by no means what everyone should be doing

Wahidullah

- If this is a concern about tediousness, maybe we could make guidelines to make it less confusing and less tedious, I think that we need to centralize this and have your stuff on the legislative tracker by the end of the week.

Lala

- If Liaison wants to work on such a set of guidelines, you are welcome to do it.You can do big picture things you will spend part of the quarter doing.

- This is because we listed the wrong position. It's not marketing director, its social media director and those are two different positions in the creative media unit.

Malhis

Lala

Objection- Than-Rescinded
Passed at 9:42pm

Than
- I don't see why we don't do their appointments today. They want to meet before and they need voting rights

Lala
- I will likely be there and I can't meet till after next Wednesday so it's not that pressing. What is more pressing is setting the precedent of appointments specifically ahead of time.

Than
- Does President Metzger agree that we can do this next week?

Malhi
- For the office of the senate leadership, isn't that what we did last time? We can still bundle and approve, that's what we did last time? Why are excluding it this time?

Sussman
- Chair's discretion. We have different opinions of it.

Luken
- There's no chair's discretion. She asked why it's different this week, and why we didn't do it last week. You said chair's discretion which does not answer the question

Lala
- It was the last time Senator Sussman chaired. The problem here is you are appointing someone to a position they're in before you have approved the

resignation of that person who is already in office. I think it's more proper to do them separately. We've talked about not doing the needless procedural things that don't change anything

Malhis

- Last time the Attorney General said it was okay to do this. I'm not saying we should fix it this time, but it's just extra motions.

Lala

- Under the senate leadership, there is resignation of one person, and a second appointment of same person to different position

Attorney General Iden
