UC Santa Barbara
Associated Students

Senate Agenda 9/10
Associated Students UCSB 76th Senate

Zoom Link

Minutes/Actions recorded by: Melina Magno, Sydney Arbolado. **CALL TO ORDER** by Evan Sussman, President Pro Tempore **at 6:33PM.**
This meeting was called to order at 6:33PM on Zoom by First President Pro Tempore Sussman.

A) MEETING BUSINESS

"Before we begin, we call for students to acknowledge that the lands that the University of California locations were built upon were expropriated & founded upon exclusions and erasures of Indigenous people's human rights throughout California. UCSB is built on Chumash Land, specifically that of the non-federally recognized Barbareño tribe. As an association that pushes the student bodies' voices to the forefront, we should aim to make strides past just acknowledgment to those who continue to fight for their right to be recognized & respected as the original stewards of this land. I ask you all to dedicate time & care to personal education & to advocate for justice alongside Indigenous peoples."

A-1) Roll Call

Amna Chaudhry	⛔ Absent	Off-Campus Senator
Caleb Claro	✅ Present, ☀️ Early	College of Letters & Sciences Senator
Mia Gutierrez	✅ Present, ☀️ Early	On-Campus Senator
Neo Harter	⛔ Absent	Off-Campus Senator
Xander Hepburn	⛔ Absent	Transfer Senator
Yuchang Jiang	✅ Present, ☀️ Early	International Senator

Melanie Jones	✅ Present, ☀️ Early	College of Letters & Sciences Senator
Noah Luken	✅ Present, ☀️ Early	Off-Campus Senator
Victoria Ly	👍 Excused	Off-Campus Senator
Qhawe Manala	✅ Present, ☀️ Early	International Senator
Vanessa Manakova	✅ Present, ☀️ Early	Off-Campus Senator
Nadine Malhis	✅ Present, ☀️ Early	On-Campus Senator
Olabisi Ola-Olaitan	⛔ Absent	University-Owned Off-Campus Senator
Keizo Ono	✅ Present, ☀️ Early	Off-Campus Senator
Natalia Pascher	✅ Present, ☀️ Early	Off-Campus Senator
Romi Riss	⛔ Absent	Off-Campus Senator
Erica Sherkin	✅ Present, ☀️ Early	Off-Campus Senator
Evan Sussman	✅ Present, ☀️ Early	Off-Campus Senator
Sohan Sunderrajan	✅ Present, ☀️ Early	College of Letters & Sciences Senator
Mira Than	✅ Present, ☀️ Early	Off-Campus Senator
CJ Toledo	⛔ Absent	College of Letters & Sciences Senator
Jasmine Wang	✅ Present, ☀️ Early	On-Campus Senator
Eeman Wahidullah	✅ Present, ☀️ Early	Off-Campus Senator

A-2) Excused Absences

Motion to excuse Senator Malhis at 7:30PM until the end of the meeting.
Jiang - Ono
Call to question - Wahidullah
This motion passed at 6:37PM.

Motion to excuse Senator Sherkin until 8PM.
Ono - Jones

Call to question - Than
This motion passed at 6:38PM.

Motion to excuse Senator Harter for the duration of the meeting.
Luken - Jones
Call to question - Wahidullah
This motion passed at 6:39PM.

Motion to excuse Senator Hepburn for the duration of the meeting.
Luken - Wahidullah
Call to question - Than
This motion passed at 6:40PM.

Motion to excuse Senator Riss for the duration of the meeting/
Luken - Ono
Call to question - Wahidullah
This motion passed at 6:41PM.

A-3) Acceptance of Proxies
B) External Reports
B-1) Chancellor's Representative-
B-2) UCPD Representative-
B-3) GSA Representative-
B-4) University Center Governance Board Representative-
B-5) IVCSD Representative-

C) New Business

A Bill to Establish the First-Gen and BIPOC Peer Mentor Advocacy Program (P-MAP)
Wahidullah - Ola-Olaitan

Wahidullah (6:42PM)

- I'll try to make it brief and stuff. Unfortunately, Senator Olaitan isn't here to speak today and stuff, but I wanted to kind of just provide a brief overview, particularly what this bill and advocacy program provides and stuff, just to give some little bit more context regarding this overall, it will become a student led peer mentorship program that is housed underscore after having discussions with them. It is completely volunteer led and fiscally neutral with no financial impacts.
- And to also provide some initial context about this particular program, as well, is that from my own personal experiences, from my first year and my transitional period into UCSB, it was very difficult for me, as well as a lot of my colleagues and friends, who were unable to find the guideline and resources to more easily and

more accessible for us on campus and stuff, and although there are many resources and things that opportunities for students to use, unfortunately, there's a lack or necessity of accommodations for first generation students, as well as people of color in BIPOC communities

- To have someone as a mentor there to guide them to find these existing resources, and although there are some existing ones and institutionally wise, like, for example, you can find SRB or you can find EOP mentors.
- I wanted to create something that, as itself, can provide that's non institutionalized and completely volunteer and student led, which will not only help be fiscally neutral, but also provide us to promote existing programs that are already available in UCSB and not just only from UCSD resources, but by creating a student led advocacy program from as we can help promote existing utilities from Associated Students as well.
- This can help also provide just more designing to train mentees, to help guide them towards as resources that are currently like, not used or underutilized, and train them to use these and support Associated Students, while also having a mutualistic compact to supporting first generation students and BIPOC students to get to use as more and know that we're there to support them.
- And this is a great first initiative to have this volunteer led program, house underscore, to kind of guide them resources, and have someone there and formally to help support them and guide them in these processes, and even educate them more better what Associated Students is, and even guide them to be encouraged to even run for office more or be more promoting the stepwise initiation for more advocacy of Associated Students leaders.
- But overall, it promotes not only UCSB support services, but it also introduces students directly to Associated Students resources and more involvement opportunities and stuff, because we have so many BCUS and everything.
- And I think what is extremely great about this initiative is that overall, it is a low cost model. I tried to create it as it relies mostly on recognition for mentors and volunteer lead recognition records and stipends and fiscal impacts, which a little makes it better for integration and more just of the protocols happening with our pilot program in the fall.
- But what's also great about this too, by not only uplifting existing BCUs internal entities, we can also use this BIPOC and first generation advocacy program to help utilize a lot of our existing committees as well, by helping to promote the outreach committee on uplifting this program, or the advocacy committee to promote basic reader need resources that are brought upon by Associated Students to these people and just overall, maximize visibility better.
- And this is a great first step towards that for these connections to more students on campus and score quarterly regarding our pilot program, will help to provide annual reports and with the Senate reviewing for continuation or expansion after the pilot program.
- But overall, I really wanted to create this idea, because for me, it was very difficult as a first year to find existing financial support, emotional support, and things that

- I feel like that could have helped me better in my first year, and a lot of people have kind of continued to share it with me the same moments. And I think having that peer mentor system that is found in Associated Students from score would be a great initiative and help to kind of support people on things and programs that I feel like would be helping to more people that wish I had as well.
- But I hope that can provide some context, and I'm free and open for any questions. So thank you.

Sussman
- There are people here for public forum
- Going put a pin in this bill
- Will come back to discussion for this bill

Back in discussion at 7:10PM.

Wahidullah
- Yeah, I just forgot on one particular comment that when discussing about this particular bill, and just regarding it, my expectations and goal about this is to refer this back to the Liaison Committee for further discussion with score under the particular BCU, for the logistical stuff regarding the training programs and the legality issues before the upcoming year, in Fall quarter.
- So I just just my suggestion regarding if anyone makes a motion, thank you.

Jones
- Okay, so thank you Chair for recognizing me. I think this is a beautiful initiative and has the potential to change the student experience at UCSB. I know it really resonates with me as well, but if I can give my opinion, I think that maybe it should be a resolution rather than a bill, simply because we don't have the metrics to quantify the project works yet, because it's a pilot program and because it's a project, it doesn't need to be legislated.
- So we kind of want to emphasize that, like legislation is one of the, you know, second options. I think it should probably be a resolution just while it's starting off.
- It doesn't necessarily need to be added to legal code yet.

Jiang
- My comment is more not on the legislative procedure side. But just a note that, because I'm a liaison center for JC, and they've been doing mentor program for last year for international students, not for the same groups here targeting, but I think they had a decent success.
- I think they appear like 70 people. I would say, like a very decent result for their effort. So if you want to get connected and to see if you want to talk about procedure stuff for similar projects like, feel free to email me and I can get you guys connected and see if we can even make it into a collab program.

Malhis

- I remember Senator Wahidullah, you mentioned the first generation and like, helping people get, like, affiliated with as and like, like, you know, which is kind of like political science affiliated Kerr Hall, actually, they have a station for first generation students.
- . So I would definitely contact them. It's a really good resource. I always go there to study.

Luken

- I have a question for wahidullah
- Can you speak about the conversations you have had with SCORE

Wahidullah

- Thank you Chair. Thank you everyone for just having those particular comments. It does mean a lot to have your suggestions and having just additional feedback towards this, and regardless of the particular mentioning and comments about just connections and collaborations with this particular program, that is, again, what I tried to state, or kind of elaborate, a little bit essentially particularly better is that this particular BIPOC and first generation Advocacy Program, or just peer mentorship program, does not only make its own independent program, but what it does is to help uplift existing programs that could be either on campus or as organizations as well.
- So if a mentor feels or is required that they would like to redirect someone or a participant to be in another peer mentorship program. If they think it's best for them as an individual, they can refer them to that one as well, or just to other alternative resources. It's more like a pipeline structure rather than an entirety of itself. But I hope that explains for those comments and to answer some of the particular stuff regarding this bill, I had conversations with them around on Tuesday in the past multiple weeks of scores chairs allowing their particular members about this and stuff.
- But it's more that this is something that they're interested in making that one of their particular bigger programs on their board. And that's just one of the reasons why I made it into a bill. But I hope that provides some more context. But they were very eager and interested about this program. It's also why we started this. I collaborated with some of the particular board members, and I tried to elaborate that into the written amendments as well. But yeah, feel free to ask any more questions.

Sherkin

- I just want to say thank you, Senator Wahidullah, for bringing this to us. I just had a couple questions. So I really commend you on bringing the committees together as bringing, not just bringing them together in this bill, but also letting the menis know about it through this program. And I was just wondering, like, if you could specify more on how you're going to make this collaboration happen? To my knowledge, it's like through the entities in the communities, but also through the

to the to the mentees as well. So how are you going to make that happen? Could you clarify more?

Wahidullah

- Particularly about this, because it's what I'm planning to do about this particular mentorship program is, like, it's going to be having the mentors become, like I said, a pipeline system towards redirecting the student or an individual to the existing services.
- So what typically will happen in the beginning the pairing or just the conversations between mentor mentees, once they are deciding upon if these particular resources are best fitted for them, they can either just the individual or the mentor itself can help redirect that person, participant to the right resources over it's guiding them to the advocacy committee meetings or the committee meetings or the resources individuals the mentor itself will be this is why we're emphasizing a lot regarding their trainings and the logistical purposes for them
- Just making sure that the mentors are on top of it when it comes to the volunteering based program, that they'll have the maturity and the like, the standpoint and also the knowledgeableness to help guide them, to redirect them themselves to the resources.
- But if they do have any questions that are knowledgeable about stuff, that's why we do have a supervisor but in scored board to help um help provide any additional questions that maybe mentors might not know or might not know how to assist with that, and the score a particular board that once I discuss with them better about which um board member is best to be a supervisor regarding this program, they can help also assist with any additional questions as well, to redirect or just maybe answer to me, or just to any particular stuff as well. But I hope it does that. I hope that answers the question.

Jones

- What do you think to table it to a committee and they can develop it as a resolution and upon receiving metrics we revisit it in its future as a bill

Wahidullah

- Thank you for your thoughts and particular comments about this and stuff. I do have an alternative question, though, that if it's needed to make this into a particular bill, or, again, maybe the Senate can discuss this better.
- But regarding if we have to make into a result resolution initially, first before making into a bill, if it's a pilot program, wouldn't that also just like be a little bit of a complexity issue regarding towards that, because then I have to reinvigorate that back into it, if already the scoreboard was interested about making it to a bill, but it also connects with tying to my other alternative legislative pieces that are also pilot programs that are also bills.

- So I'm just, I'm just not sure why it would still need to be a resolution if they're okay with it too. But again, the Senate can decide better upon that as well. For further discussion,

Jones
- Because it's a pilot program, we want to make sure that the resource is actually being used by students first, and I understand that there's, like, a lot of interest in it, and it's a beautiful piece of the work that you did, but just because we put into legal code, and because of the efforts that we're making to clean specifically, Senator Sussman is making to clean up the legal code, we just want to make sure that the pilot program is going to be running as full success before implementing

Luken
- Per standing policy this bill has to be tabled to liaison

Motion to table A Bill to Establish the First-Gen and BIPOC Peer Mentor Advocacy Program (P-MAP) to liaison committee.
Luken - Sherkin
Call to question - Malhis

Objection - Jiang

Luken
- You can't object a motion, only to a call to question

Jiang
- Saying objection now, then can we come back to discussion
- Should we only talk about the motion

Luken
- Since we're in discussion you can talk about whatever

Jiang
- But if it's a discussion about the motion then we should only talk about the motion?

Sussman
- We're discussing the motion to table, not the relevancy or content of the bill

Jiang
- I have a question about the content

Sussman

- Since there is an objection to the bill, can Holly clarify the process

Luken
- We’re in objection to a motion, not in call to question

Holly Dunn
- Was going to ask if a call to question was already made?

Sussman
- No

Holly Dunn
- Senator Luken is right. You'll want to wait until so you'll ask for a call to question if you're in the middle of discussion.
- Then you all can just go back and forth on approving the motion or not, and then once you call the question, the senators can either object to the motion or they can object to the call to question, and we can go from there.
- We’ll take a hand vote if you object to call to question

Objection - Jiang

Claro
- Procedural question
- What were the objections to the bill when it comes to the legal side of it?

Sussman
- I think based on it being a bill rather than a resolution

Jiang
- I apologize for wasting everyone’s time
- How this mentors’ gonna be a pipeline
- Concerns about specific training, are we only including resources that are under AS?
- If it was a broad range of resources including everything we got, I was concerned
- Do we have a manual that covered all those resources
- Second thing, if it's not, only programs, only AS, doesn't that feel too narrow?
- Is that adequate for people with specific needs?
- That was my question for the training content

Pascher
- Point of clarification

Jones
- I think another viable option is to table to advocacy with the instructions of developing it as a resolution

Luken

- Point of information
- Are we back to the original bill, or discussion on the motion
- As the motion was objected
- Any time there's an objection to call to question

Sussman

- The objection to call to question cancelled the discussion of the bill, and the motion failed

Luken

- So any time there's an objection, you immediately go back?
- That's not correct
- I think you have to vote to go out of it
- Can I just rescind my motion to table it

Iden

- When someone presents a motion and it is in discussion, you cannot withdraw the motion
- Since there was a call to question, implies you want to go to vote
- Objection to call to question it means you want to continue discussion on whatever the motion is
- Not necessarily the bill
- That requires a ⅔ vote, or unanimous consent
- You guys need to be doing a vote on the objection to the call to question
- If the chair would like to say, do we want to vote right now?

Iden

- Remember you are in a vote to the objection to call to question
- You have to go back to discussion

Malhis

- Yes, that’s a regular objection
- Let’s say the call to question passes, and then chair calls consent
- After that it’s an objection at that point
- You have to go into a hand vote right to go back into the motion
- Can you clarify

Iden

- If so you all consent and someone objects
- There's a policy that I wrote last year which is like all bills and financial movements, if any money needs to be done by hand, though that's not traditionally what happens in the Senate.

- Typically if someone objects to the consent you are objecting to the voting method
- Going to ask for it to basically be a hand vote
- Traditionally in standing policy, most bills are done
- Because it just wasn't done in my senate
- Bills would get consented and no one would bat an eye
- I made it so everyone's voice would be heard

Sussman
- Get unanimous consent or 2/3 vote to reenter discussion

Motion to unanimously consent to reenter discussion.
Passed via unanimous consent at 7:33PM.

Luken
- I rescind my motion

Motion rescinded.

AG Iden
- Once motion is seconded and it is on the floor you need consent to withdraw the motion
- Individual who made motion needs consent to withdraw

Sussman
- Luken I apologize
- Unanimous consent from the body to rescind the motion?

Motion to unanimously consent to withdraw the motion to table A Bill to Establish the First-Gen and BIPOC Peer Mentor Advocacy Program (P-MAP) to liaison committee.
Passed via unanimous consent at 7:34PM.

Sussman
- Do I have unanimous consent?

Sherkin
- Given the projects with advocacy committee
- I'm concerned that if we get this really big program
- This would not be fully flushed out
- Therefore I'm advocating for it to be tabled to liaison
- I'm advocating that this is tabled to liaison committee
- Or another relevant committee
- Obviously this bill has a lot to do with advocacy though

- In terms of making improvements, or being involved, I feel that were not fully equipped to do that
- Would advocate for it to go to liaison

Susman
- Per Robert's rules, discussion should be limited to 2 minutes per member
- I would like to make a proposed recommendation
- It would be a simple motion to table to liaison committee with recommendation to reconsider as a resolution

Pascher
- Is it okay if I make a quick comment and suggestion
- Wahidullah, would maybe move to have a motion to strike this from the agenda to give you more time to work on this and change it to a resolution
- Im offering my services, believe advocacy can also help with this
- Know senator Ola Olaitan is on this, maybe it would be helpful to work together

Claro
- Can somebody cite on the AS legal code where pilot programs have to be resolutions first

Sussman
- Not in legal code

Claro
- Then what's the problem with having this as a bill

Sussman
- The concerns are that the legislative route isn't the most fruitful
- The most fruitful in term of a pilot program
- Other senators have talked about it
- This is discussion is running quite long

Malhis
- Tabling it to liaison is a good move
- It would allow Eemaan to work this out a little more
- Have the communication and advisor of liaison committee
- Communicating better, would look better
- I feel like if we proceed with this

Wahidullah
- First of all thank you for everyone for their feedback
- Do genuinely appreciate that regard
- A legislative piece that's really important to me
- Topics on some particular questions

- Particular mentorship program is not only limited to AS
- If you can read into it, it's not only limited to AS resources
- Emphasized that because a lot of ppl don't do it
- Wanted a good opportunity for AS
- For my own opinion, I'm completely fine to table it
- I also had communications with Michael and staff advisor
- I figured it out
- It is good to go
- I want to refer it to liaison committee
- Wanted to have continuous conversations with SCORE
- Confirmation on legitimacy
- I would like to have
- Would suggest that if advocacy is interested, they can come to our meetings and help
- Because I worked on this really hard, would rather have this sent to liaison committee

Motion to table A Bill to Establish the First-Gen and BIPOC Peer Mentor Advocacy Program (P-MAP) to liaison committee with the recommendation to reconsider as a resolution.
Than - Jones
Call to question: Pascher
This motion passed at 7:44PM.

Pascher
- Point of clarification
- What does an abstention vote mean

Sussman
- You are abstaining from the motion to table it

Pascher
- If this gets voted no then we would table it to a different committee?

Sussman
- If it does fail, we would have to reconsider the motion and do the same process of re entering discussion

A Bill to Amend Finance Committee Membership Positions
Malhis - Jiang

Malhis (7:45PM)

- Yes, the bill was made to amend the membership of members of the Finance Committee, because we are having a larger operating cash this year with the decisions from Senate rollover from last year.
- Additionally, because of that, we're expecting more requests to be coming in, as well as the fact that we have less senators on the finance committee this year, so we would like to supplement that with more financial officers.
- We think that will bring benefits to the committee and make communication with the student body easier and delegate responsibilities more appropriately.
- However it comes to our knowledge that there hasn't been a bill in regards to changing the finance legal code that is still yet to be passed, so I'm asking this to be discharged, to be removed from the Senate agenda. So if someone can make that motion, and we can discharge the other bill from finance committee and pass that today from Senate,

Jiang

- Okay, thank you, Chair. Yeah, I think Senator Malhis pretty much covered the thing. It's basically two reasons. One, we have a larger workload this year based on a larger alternative. Second is we are short in number for Senator members for the committee, so that adds on to our workload per person.
- And the third thing is that we actually have a very competitive application cycle this year, and we actually have a lot of very qualified, if not overqualified, applicants who we would love, and we would actually have, like a strong face that will contribute to the finance committee in general.
- So yeah, that's pretty much the three main reasons that we're thinking of expanding the committee this year.

Luken

- With respect to like, everyone's time, I think we can save a lot of discussion on some of these things if we just move forward, like, we're going to strike this so, like, we can discuss the bill when it comes back up and like, same with the last thing we just did, the last bill.
- I don't know, it's just kind of frustrating sitting here with a lot of discussion. We're not discussing, we're not getting anywhere, and it's going to get tabled to a committee anyway.
- So I'd appreciate everyone's cooperation with that. That being said, I'd like to motion to strike a bill

Motion to strike a bill to amend Finance Committee membership positions from the Senate agenda for today.
Luken - Pascher
Call to question:

Jiang

- I have a question. If it gets strike, it doesn't get a table right? Like, how? How does this work?

Malhis

- We can't even have this bill existing until the other one gets passed

Jones

- We need to make sure to amend the agenda before striking it, motion language needs to reflect this

Pascher

- I rescind my second

Luken

- I rescind my motion

Motion rescinded.

Motion to amend the 9/10 agenda and strike a bill to amend Finance Committee membership positions.
Luken - Pascher
Call to question: Jones
Passes at 7:50PM.

D) PUBLIC FORUM
[1:30]

Speaking agreements:
"You have three minutes to speak, with three minutes for Q&A. Please state your name, pronouns, and enunciate, but refrain from yelling. Speculation of a Senator's intentions is prohibited and may result in you being removed from the ability to speak on the floor. Please know this meeting is being recorded. You may speak on any issue, whether it is on the agenda or not. Please include a content warning if it will be graphic. You may only come up once, and you may choose not to answer questions."

Mikayla Barkhousen she/her (6:47PM)

- As I said, I'm Makayla. My pronouns are she/her I'm requesting funding for Gaucho Catholic for our Fall Retreat.
- Gaucho Catholic is a Catholic organization open to all members of the UCSB community. And this retreat is a two day retreat designed to build community and learn about the Catholic faith and open to everyone. We have multiple talks about different parts of our faith, bonding, games and crafts. It is designed to help students find a community and feel welcome at UCSB as well as deepen their understanding and relationship with the faith. Do you need to see the budget that we have?

Sussman

- If you'd like to share the information, send it to me and jones

Barkhousen

- We are requesting 12736 dollars.

Sussman

- Any questions?

Malhis

- Can I request permission to go back and forth 2 or 3 times
- Our financial procedures are still being worked on as well
- Our financial procedures are still being worked on, as well as flux is being renewed, and we're integrating it with MIP, so it will be difficult to pass anything in regards to funding requests.
- I wanted to ask if you have authorized signers for this year

Barkhousen

- Not yet, thought we had to wait until beginning of school year

Malhis

- If you can please contact financial ops, financial operations team, or you can call tax requisitions and they will be an authorized signer on your behalf. I want to ask some things about your event. You said it's open to all students. How many people are allowed at this event? Is there a cap?

Barkhousen

- Cap of 50 people, first come first serve

Malhis

- Sign up on instagram? Being advertised?

Barkhousen

- It is on our instagram account
- We will be talking about to when we table during week 0

Malhis

- Date?

Barkhousen

- October 17th

Sussman

- Any further questions?

Malhis

- Forgot to ask
- Gaucho catholic, do you guys consent to using your one time exception request for this retreat?

Finished at 6:52PM.

Josie Penix (6:53PM)

- You can stay on this first slide while I'm talking, and then you can switch the next ones for Eddie's section. Hello, everyone. I'm Josie. I'm here as a student on behalf of coastal conversations, which is an RCO that is slowly being formed for campus.
- We've been to a few Senate meetings in the past to talk to you guys about a speaker series event that we want to put on with salud Carbajal this fall, and we've been figuring out exactly how to pull together the funding for that event.
- So we're here today to tell you that we have been lucky enough to be sponsored by Phi Alpha delta, the pre-law fraternity on campus for this event.
- Priscilla is here on behalf of PAD. She's their president to confirm that they're going to be hosting and funding, paying for this event on our behalf, while Eddie and I will be running the functioning of the event. It will be a PAD sponsored event.

Priscilla

- Hi everyone. I'm Priscilla. I'm the president of Phi Alpha Delta currently, sorry about my camera. I'm just getting in the car right now. It was kind of an inopportune time for me, but I'm here to appear for Josie, because she's a really valued and trusted member of our fraternity, and we really believe in this project that she's creating to make just politics more accessible for everyone.
- We're really happy to be her sponsor for this upcoming fall quarter.

Josie

- We've prepared a couple slides to tell you guys about the exact budget that we're going to be asking for, the funds that we want.

- The idea is that they would come from Senator allocated and be moved to file for delta for this event. So Eddie's going to walk you guys through exactly what we need to be paying for and how much money we're going to ask for to pay for each of those things.

Eddie

- With some consulting with both Sean and Michael, trying to figure out how we can navigate this, with our event being on October 6, which is at the beginning of the year, and not knowing and not knowing when, who's meeting when.
- So we have three large costs, which include Campbell Hall recording so we can distribute it online on YouTube and other platforms, and security, which would include UCPD and SSP's, a big reason why we're also coming here today is that we see from the events of today that security measures may be increased. UCPD has already contacted me. Contacted me again in regards to the event, and

Motion to extend the speaker's time by 3 minutes.

Jones - Claro

Call to question: Luken

This motion passed at 6:56PM.

Eddie

- So here are the minimums. I'll keep it short. And then if you go to the final slide, we are adding buffers kind of in relation to kind of these volatility metrics of what we expect that could be changed, notably the security measure we need to coordinate with both teams and the university to figure out what security is really needed. Initially, we were thinking it was going to be two police officers.
- However, that estimate has since quadrupled after today, and we still need to coordinate with his team that was just from the UCPD side.
- So in regards to that, and also some other things, we wanted to give us some cushion of around $10,000 we don't want to use all of it in a perfect world, but we would like to give us that cushion so we can make sure the event runs smoothly, and we can make sure this is successful for ucsb students.

Josie

- Just to be clear, we are assuming that we will not be spending all of the money that we're asking for here. We're assuming that it's going to be significantly lower. We just have to be very careful to make sure that we have enough money specifically for security concerns.
- The initial like $2,500 cost that you see was if we were to have two security officers. And after speaking with people today, it seems that we can expect that we

might need more, and we don't know how much it's going to cost if we have to get, like, metal detectors or more security officers on campus. So we just want to make sure that we're prepared in case that happens. But we don't expect to spend $10,000 that's all, and we will be taking questions.

Luken

- Can I ask a few questions back to back?
- Thank you josie and eddie and priscilla for coming
- Really like this project
- You said PAD would fund it
- I want to clarify that senate is funding it but you are just using PAD as a middle man

Josie Penix

- Yes, from senate unallocated
- Since we aren't an approved RCO, the best way to get money is for PAD to get the RCO that uses the money for it

Luken

- Given that you don't have an exact estimate
- If we for example grant 10k and they spend 5k
- What happens to that rollover money

Josie

- I talked to Michael and Sean today, and we kind of went through this process. So my understanding of it is that we'll submit a requisition as if, if you guys approve this funding, tonight, Eddie and I are going to submit our requisition that then goes to Michael and his team, and they're the only signers that can sign off on it right now, and they'll basically be saying that you guys approved, that we can use Senate unallocated to pay for these things
- then Eddie and I are going to go ahead and book Campbell Hall and get the contract with UCPD to do this. And it's not like we're going to have, like, access to debit money to pay them with.
- We just send all of those things in with our requisition, or we send them to the team. And it's Michael and his team behind the scenes who are actually using the money from the Senate unallocated to pay for these campus affiliated things.
- So if we don't use all the money, the money would just stay in the Senate, unallocated, if it happened where we ended up spending more money than what we'd initially asked for.
- Then Eddie and I would come back to you guys after the fact and say, we actually ended up spending this amount, and we need this much more to cover it, and then you would have to approve it again to send it through. Does that make sense?

Luken

- Maybe, yes, that makes perfect sense. And I appreciate you explaining that.
- You're talking to Sean and everyone, so I appreciate you guys being thorough. And yeah, thank you for that. I have no further questions,

Motion to extend the speaker's time by 4 minutes.

Jones - Wahidullah

Call to question: Malhis

This motion passed at 7:02PM.

Than

- Sean could add to this
- Wondering why you guys chose senate instead of coastal fund because it seems relevant for that event

Josie

- So we've spent like, the last month and a half trying to figure out exactly how to get funding for this event, and we've pursued a few different paths, but especially with the complications, since the Finance Committee isn't meeting, and it being summer, and not everyone's on campus and actively looking to be putting on events like this or responding to messages, since we're a month out from the event at this point, because Carbajal is going to be on campus October 6
- Since we're like, getting close to the deadline, the quickest way and the easiest way to get these funds is with an RCO that was ready to go, and that was phi alpha delta. So that's why that answers your question. Does that help?

Than

- That's fine the thing is is that coastal fund is a BCU and not an RCO
- It's the summer, yes they might not reach out

Josie

- Is coastal fund one of the 16 different things the finance committee can pull money from?
- We looked at a lot of different ways to get this money
- After being advised by michael and sean, this is the route we chose

Holly

- I was just going to comment on your question. Josie, I don't believe that the coastal fund is an entity that has rollover being held by finance. I would need to double check my facts on that, though. But also I commented for anyone else to see. Two other comments, I would recommend, if you all approve this, to motion to approve up to $10,000 rather than 10,000 lot
- So essentially, anything that gets billed will be like what the final amount is, rather than dealing with a well, we only spend five or something, kind of a situation. And also, just for some additional context, coastal funds, I believe only funds grant applications.
- So I think if they went to the coastal fund, they'd have to submit an application, and those get reviewed at the end of the quarter. And so that may create some additional issues, but that's what I know.

Malhis

- Some more information on that as chair of the Finance Committee, yes, what Holly said is correct. A finance committee like coastal fund rollover is not under the jurisdiction of the Finance Committee. It's not an MOU so they don't go to the coastal fund. Additionally, since the coastal fund technically falls under a BCU account, BCS don't have authorized signers until as one, so technically they can't do anything. So it seems they already know what they're doing. Since they had a meeting with Michael earlier this afternoon, some questions that I have is, can you guys repeat, what's the actual day of your event? I forgot my other question, but that one, that one should be fine.

Josie

- Yes, our event is on October 6. It's Monday of week one, the event is going to be at 6pm so I think we're planning it's at Campbell Hall. The doors will open like 45 minutes before that. It's going to be free to students and student moderated and tickets that you have to get a ticket, but it'll be free. They'll go on sale probably two weeks before that. And we're going to advertise all over the place.

Wahidullah

- Thank you, Senator Sussman. I just wanted to make a small point of clarification or comment, similar to already what Holly already particularly mentioned I had a meeting with Ono so in support of Josie and stuff that I had a meeting with the coastal funds staff advisor, particularly yesterday, in regards to logistic, logistical finance deliberations and stuff.
- And typically, their funding will probably be best to handle it according to events, rather than particular events for grab grant application systems, or at least if they wanted to have a long term event system to be housed under a coastal fund. But I suggest, for this particular event that what Josie already communicated with Michael and them, that it's probably the best to do it in this structure after just meeting a coastal fund, just to provide some ladies and community perspective.

Malhis

- As a follow up
- How are you selling your tickets?

Josie

- We haven't decided if we will sell through AS ticketing office or Campbell hall
- We've been very focused on getting this funding
- We still have probably a week and a half to figure it out

Malhis

- Just letting you know to review finance policy

Sherkin

- Thank you for coming I just wanted to ask and provide an idea that this is just a political event
- As a Poli sci myself, maybe reaching out to department and asking to promote it might be good idea

Josie

- We plan on getting mass department emails sent you
- That'll definitely happen
- Keep an eye out

Done at 7:09PM.

E) Acceptance of Agenda

Luken

- So the senate has to discharge bills from committees? I was under the impression that committees would discharge their bills

Sussman

- Because Senate Finance Committee has not met yet, it's been more than three meetings
- Per legal code, it has to be three meetings or a given extension from the Senate to hear a bill. Because it's been three meetings, it's the procedural route to discharge with a 1/3 vote from the Senate
- So a simple 1/3 vote or unanimous consent will get this bill discharged from the Senate Finance Committee so it can be voted upon today.

Jiang

- Bill we're trying to discharge is a bill about leadership change
- So it's not like finance committee actually, in a way that can not really meet even without that Bill getting passed
- Similar with the bill that we introduced was the expansion of finance committee members, that one also needs to be passed after this one has been passed
- Procedure thing

Sussman

- Motion to discharge bill?

Motion to discharge A Bill to Standardize Senate Finance Committee Leadership from senate finance committee.
Jones - Malhis
Call to question - Ono
This motion passed at 7:53PM.

Motion to open A Bill to Amend Finance Committee Leadership.
Malhis -

Sussman

- Out of order, will discuss in action items
- Motion rescind?

Malhis

- No

Iden

- Chair reserves right to call things out of order, need to make the objection, would require 50% + 1 to override
- Maybe motion to re enter a separate part of the agenda first

Motion rescinded.

Malhis

- Can I suggest for the Senate to move back into action items briefly?

Sussman

- Malhis you will not be recognized, will not be moving into action items at this time
- The best thing to do is go through these motions that we have recommended, and then we go into action items. And that'll make this process much faster

- The recommended motion is on the screen, to remove A Bill to Amend Finance Committee membership positions from the agenda

Luken
- Did we not just strike that bill?

Sussman
- No, we discharged it
- That bill was a bill to standardize Senate Finance Committee leadership
- From the 6/4 meeting, can be brought to the Senate in this meeting
- The motion that we just did
- Been no striking of the current bill that is on the agenda

Malhis
- Is that the membership positions, or is that the leadership position?

Sussman
- The motion that I'm proposing is to amend the agenda under action items by adding the consideration of the bill to standardize the Senate Finance Committee leadership
- That way we can hear the bill that was just discharged by finance committee
- Would welcome a motion to amend the agenda under action items

Motion to amend the agenda under action items adding the consideration of A Bill to Standardize Senate Finance Committee Leadership.
Ono - Guttierez
Call to question - Malhis
This motion passed at 7:59PM.

Sussman
- Motion would be to strike bill to amend membership

Jones
- Previously under new business, we motioned to strike a bill to amend Finance Committee membership positions from the agenda

Sussman
- Then it's handled, we now move into action items

Motion to open A Bill to Standardize Finance Committee Leadership.

Malhis - Than

Sussman

- Malhis, why did you bring this to the floor?

Malhis

- We can make an amendment to extend legal code
- Can do it on the spot now

Sussman

- With all due respect, amending a bill on the senate floor would take a long time
- We had a proper conversation about it
- It's better to go through trainings
- I recommend we vote on this tonight
- It passes and then you can make a small adjustment that’s not surprising

Than

- I rescind my second

Second rescinded.

Malhis

- I don’t rescind my motion

Sussman

- This is disrespectful to everyone's time

Luken

- If no one seconds, don't we move on anyway?

Sussman

- Seeing none, the motion dies
- Moving onto standing rules

F) Consent Calendar

G) Action Items

Updates to the Standing Rules of the 76th ASUCSB Senate

Sussman (8:04PM)

- It's a simple amendment, just saying that Senators should make the effort to go to the committee which the their bill has been tabled to

Motion to pass Updates to the Standing Rules of the 76th ASUCSB Senate.
Jones - Pascher
Call to question - Luken
This motion passed at 8:05PM.

A Bill to Establish the Language Revitalization Grant Program at UCSB
Wahidullah- Harter

Wahidullah (8:05PM)

- Some notes
- Unfortunately Harter isn't here today
- Discussed with particular BCUs who are interested
- And who will be able to safely allocate funding towards this
- About upcoming fall, communicating logistics, making sure it's all safe
- Safeguarding LRGP? Programs
- Other than that, entirety of bill is similar to how it was
- Quarterly analysis will help with senate reports about this program
- To see student impact, equity of access, languages learned
- Discussed individually with Michael as well

Chairship yielded to Second President Pro-Tempore Jones at 8:07PM.

Luken

- Why are these action items and not old or new business if it's a bill?

Sussman

- Because it exited committee so it becomes an action item
- Love this idea
- A new program
- My only concern is adding something new into legal code that we don't have metrics or qualifications more is simply adding it into legal code, making some things harder
- Would like to table it to either advocacy or liaison in hopes it becomes a resolution where it becomes a bill
- Don't think this program shouldn't exist, simply just a legal code matter
- Only concern at the moment

Luken

- To add my own perspective, totally understand given big clean up bill
- Generally in favor of legislating last, whenever possible

- However, there is someone who had spent a lot of time in the association, was a Senator for two years, and had been in the association the entire time, they were in school before they graduated
- Shared this piece of advice with me, and I think it's it's kind of important to to consider this moment
- Sometimes you add stuff to legal code so it lays groundwork for future projects
- Not necessarily it’s over encumbering, but it lays opportunity for future projects

Chairship yielded to First President Pro Tempore Sussman at 8:10PM.

Wahidullah

- Regarding initially first, understand that advocacy program is something new
- One question I have regarding LGRP
- Brought this in liaison committee meetings, individual reports, in person, multiple times
- Opening floor to multiple discussions
- Question is why hasn't the question been brought up sooner? On why it's not a resolution
- Makes me concerned
- Regarding the clean up bill, making it clean and concise
- Implementing that into legal code, is there a time constraint on when you need to apply that to legal code
- I don't know if you guys have to immediately put it into there

Jones

- Wahidullah I absolutely hear you
- Your work is beautiful and the time put into it reflects into the work
- Would love to see this in legal code
- It's just the concern for me on the language
- Full page of let it be further resolved
- Many more pages of whereas and let it be further resolved, which feels like a resolution
- Would love to see it in legal code personally
- Understand time constraints
- Also didn't notice it at first
- Took a minute of noticing it

Luken

- Point of order

- Do we need to finish discussing stuff before moving on?

Sussman

- No, were not in any sort of motion

Motion to unanimously consent to move into item I3 Unit Reports.

Passed via unanimous consent at 8:14PM.

Back into discussion at 8:20PM.

Wahidullah

- Do understand that this isn't possible in legal code
- Is there a way to fix the language and move into action items?

Sussman

- For sake of continuity, wouldn't recommend
- Motioning to open and amend bills is very tedious
- Easiest way is to table the bill to a committee where it's amended and then bring it back
- Unless this bill is pressing in time, think this would be the best course of action to bring it back to liaison committee on the basis of fixing language

Motion to table A Bill to Establish Language Revitalization Grant Program back to liaison committee to address the language.

Jones -

No second, motion dies.

Luken

- What happens if no motion is made?

Sussman

- Bill isn't heard today, will be tabled indefinitely
- Proper course of action

Holly Dunn

- Would need to be a different iteration of the bill
- If you don't take action, it goes into purgatory
- Just kind of sits with nothing happening
- Neither passes nor is tabled indefinitely

Motion to table A Bill to Establish Language Revitalization Grant Program back to outreach committee to address the language.

Luken - Ono

Call to question - Than

This motion passed at 8:25PM.

Sussman

- Had TQ comm issue with election being retroactive

Motion to retroactively approve the internal election held by TQC for the 2025-26 school year on the basis of the authority granted on A Bill to Update ASUCSB legal code.

Jones - Pascher

Call to question - Luken

This motion passed at 8:26PM.

Motion to allocate up to $10,000 dollars from senate unallocated, to Phi Alpha Delta Pre Law Fraternity, account number #723 for the sponsorship of a student event, hosting Congressman Salud Carbajal, at Campbell Hall.

Luken - Pascher

Call to question - Jones

This motion passed at 8:27PM.

Moving back into Unit Reports.

Motion to approve the Bill to Standardize Senate Finance Committee Leadership as written.

Jones - Ono

Call to question -

Luken

- With respect to approving it as it's written
- Believe what Malhis was saying was that she needs an amendment to pass this
- If not, can we at least not approve it as written so they can change it or move it to an email vote?

Jiang

- That is a little bit problematic
- We appointed our vice chair already through suspending the legal code of financial committee over break
- If we don't pass this bill this meeting, the leadership appointments are all invalid
- Basically would need to redo everything

Sussman

- Spoke with Jiang, Zha, and Malhis last night
- All this bill is doing is changing name of vice chair to chair
- Senate and finance committee will be able to change that at their discretion

Malhis

- Yes, we do need this bill to be passed now
- Vice's term will expire
- It is come to my knowledge through the AG that we can save all of our time and amending two things
- Amending the title to senate finance committee legal code
- And we can include the adjustments of membership positions, excluding the Chief Investment Officer,, but just whatever's in the parentheses, two, two and five, and have that passed right now, and that could save us the time in later discussions

Sussman

- Can you send me that exact motion as written?

Malhis

- Yes

Second rescinded, motion rescinded.

Pascher

- How did this come about?
- From the time this bill has come about since now, what's the change?

Sussman

- Bill was to amend senate finance leadership
- Included language of vice chair
- Currently in legal code, despite it not being passed yet
- That bill to amendment membership cannot be passed or recognized by this body until the first bill changes because the changes of Vice Chair does not exist currently
- When that bill was brought to the agenda, had to have a meeting with both chairs of this committee
- To discuss the fact that the bill was still tabled to senate finance committee
- That we had to bring it out of senate finance committee to vote upon it so we could make adjustments

Malhis

- Just made the motion language and just texted you
- You can just copy and paste from the membership positions
- The final motion I listed there is to change it to what it is
- So just go in there and paste these parentheses under the position

Motion to open a Bill to Standardize Senate Finance Committee Leadership.

Malhis - Ono

Call to question - Jiang

This motion passed at 8:53PM.

Sussman

- Most simple thing to do would be to pass this bill tonight, Malhis you would make a simple bill next meeting to change those numbers

Motion to unanimously consent to move back into discussion on the item.

Passed via unanimous consent at 8:54PM.

Jiang

- From my understanding, we need to strike everything to amend the bill
- We'd need to do the motion on every single number

Ono

- Point of clarification
- If I rescind my second, can we back our way out of this?

Sussman

- If you rescind, the motion effectively dies

Second rescinded, motion to open a Bill to Standardize Senate Finance Committee Leadership dies.

Malhis

- I say the contrary
- This is faster
- I'm already sending you the motion language
- We don't need to revisit this
- It's gonna be faster if we get it done during a summer meeting right now

Sussman

- With all due respect, I'm trying to be impartial

Pascher

- Believe this is an urgent matter, an email vote would be efficient
- Last cast scenario, we can go back into previous senate meetings agenda
- Understand your time constraint
- Doing this for the fourth time doesn't seem like it's going to change the motion

Sussman

- Before we recess in 3 minutes, would highly recommend a motion to pass this bill

Motion to pass a Bill to Standardize Senate Finance Committee Leadership as written.

Jiang - Jones

Call to question - Ono

Objection - Malhis

Sussman

- The objection is out of order
- Rude to other senators
- What we're trying to do is help senate finance committee
- Your objection is heard

Malhis

- In the agenda, next senate will already have a piece of finance committee legislation
- What's the point of having to reopen the same piece of legislation
- Why do we need to do that?

Sussman

- The proper procedural way to do this is to accept this bill, and then it becomes codified in legal code, and then you make those small changes
- So if you'd like to rescind your objection, we can pass this bill, and we can get you moved on
- Malhis, this is up to you what you'd like to do with your objection

Malhis

- Move into hand vote

Hand Vote

Yes - 2

No - 1

Abstain - 7

This motion passed at 9:01PM.

Luken

- What is quorum?

Sussman

- 14 senators

Luken

- Point of information, how do votes work when someone doesn't vote? Recounted as an abstention

Sussman

- All senators have to vote
- Let's recalculate

Motion to enter a recount of the previous hand vote.

Ono - Jones

Call to question - Wahidullah

This motion passed at 9:04PM.

Hand Vote

Yes - 2

No - 1

Abstain - 8

Holly Dunn

- Still some people missing, but either way it's 50% + 1 so my rec is passing it

This motion passed at 9:07PM.

G-2) Old Business
[Debate Time Per Item- 15 Minutes]

H) Recess

Moved into recess at 9:07PM to return at 9:23PM.

Back at 9:23PM, moving into minutes and allocations.

Report Speaking Agreement: Pursuant to Senate Standing Rules Section F, clause 5, officers of the Association providing reports, must take questions from Senators relevant to the matter(s) or project(s) presented. Knowing that, do you still wish to give a report?

I-3) Unit Reports [Speaking time not to exceed 10 minutes] -

I-4) President's Cabinet Report-
Attorney General Iden

- I am representing President Metzer. Unfortunately couldn't make it tonight, so I'll be kind of representing her and her report
- I hope you all are soaking up the last of your summer before we head back to school. I unfortunately cannot make it to the meeting today, as I'm on a family trip, but I have some important updates I wanted to share with you. Firstly, as some of you may be aware, campus wants Associated Students to migrate over to the campus financial system. I want to assure you all that I've been having regular meetings with Sean Michael and Division of Student Affairs about this subject, to come up with a plan to maintain our fiscal autonomy and continue utilizing our MIP micro system. The goal is to show the campus that its financial system cannot accommodate the vast variety of financial procedures as dealt with so we should instead find a way for our two systems to communicate with one another. Next, I want to let you know that I've been in contact with the Chancellor,, and I'm waiting to hear back to schedule a meeting with him. After initial one on one with him, I plan to coordinate AS delegation of the Chancellor so you can hear from a wider variety of voices and learn about what is done on campus.
- This summer, I've been hard at work planning and engaging as one leadership retreat. This is a friendly reminder to please RSVP by this Friday, as it's mandatory for all as officers, especially elected officials. On that note, I would like to request a policy exception be granted so that I can purchase three $10 gift cards

to raffle off at the end of the first day of as one. Historically, attendance has been low as one, and I'm trying to come up with new ways to encourage participation throughout the entirety of the event. I purchase gift cards from caje, blenders and woodstocks. Another event that I've been working hard on planning is the ass kickoff fair on Friday, October 3, at 11am to 2pm thank you to the outreach committee, who has already signed up to the table, and I expect to see each and every one of you at this event, even if you're not on the outreach committee, so that you can meet your constituents. One other major topic I want to discuss today is my intention to change the Senate reporting structure. Currently, all BCU chairs or vice chairs are required to give a quarterly report to the Senate, which typically occurs during week eight or week nine. As a former BCU co chair myself, I found the system to be inefficient. Chairs who would like to come to report in person wait up to three hours for their turn to speak in the meeting, just to speak to 20 people for two minutes and then leave. Because of this inefficiency, a growing number of chairs simply submitted written reports that nobody really read. Quarterly reports are one of the most efficient, effective ways to be knowledgeable about all corners of the association, but they are very underutilized. This is why I propose, with the support of the IVP and the first and second pro temp quarterly state of the association meetings, if passed by you all in early fall quarter, these meetings will take place on the Tuesday evening of week eight of each quarter. They'll be mandatory for all AS entities to have at least one representative President present at all times. Each representative will give a two to three minute report for the entire group to hear. The meeting will also include spaces for executives and senators to give reports as well as dinner. The meeting will be live streamed to the campus community, and senators can follow up with any questions to BCU via email or a further meeting. I believe this change in reporting structure will greatly improve the communication collaboration and cross entity knowledge across as while also making Senate meetings more efficient. I hope that you will support this plan when it comes to the Senate floor in the next meeting. Finally, I wanted to highlight the AS entities and meeting times spreadsheet that Evan shared with you all. I ask that you all please enter your name, contact information and office hours information so and also each committee will also enter the same and this is part of an effort to increase as visibility to campus and as elected officials, we must not shy away from people we represent, but rather make ourselves more and more available to them. That is all for the report. I don't feel wholly confident answering all the questions, but I can do my best. If you guys have anything you like to ask.

Luken

- Thank you, Attorney General, in regards to your hoping to schedule a meeting with the chancellor and creating contact between him and the Association.
- I had been working on a bill, and I was glad that the senators could hear this to create an ad hoc committee that would bring together executives, some leaders from the Senate and other prominent figures in the association to meet about and then later meet with the chancellor.

- And so my question is, would you like to be included in that? And do you have any recommendations for how to structure that? Obviously, we can talk after the meeting so as to save time as well.

Attorney General Iden

- I think that's a great idea. I'd personally love to be involved. If you guys are looking for more people, I will just say I believe it's constitutionally the president reserves the exclusive right to represent the association in matters across campus. So when you are structuring such a bill, I would make sure you're either saying you're representing the committee or you're representing the Senate, if that makes sense. It's kind of a weird one that it's reserved for the President, so you can't necessarily, as a senator, represent the entire Association.

I-5) Executive Director's Report-
I-6) Executive Officers' Report -
I-7) Senator Representative Reports-
I-8) Administrative Reports-

J) Committee Report
J-1) Standing Committee on Finance -
J-2) Standing Committee on Outreach -

Senator Noah Luken on the Direct Democracy Project (reporting with IVP Head of Staff Grant Schweigert)

Luken (8:29PM)

- Met twice so far
- First meeting chaired by me, second by harter
- Created similar work from other chairs of other comms
- Created vision plan for the year
- Accessible to senate through outreach comm minutes
- Maybe i'll send it in slack to other senators
- In regards to what you see on agenda, this was an idea that the IVP had
- Went back and forth discussing with him on this
- Would be a poll that we send out to student body with 4 different project ideas that senators have
- Would take a vote on these proposed projects
- Would open it up for comments or questions
- Proposed changes to the project
- Whichever project receives most votes, we as a senate would take that up as a group project
- A lot of us have expressed a desire to connect with students and their feedback more
- Great way to do that
- Simple
- Not to say projects that students don't vote for cant be taken up
- But with this we're directly hearing from students
- Would like to invite Grant, IVP's head of staff to also speak

Sussman

- Grant is not here

J-3) Standing Committee on Liaison -

Senator Mira Than and Eemaan Wahidullah on the JC Appointments Report and Liaison Committee Report 9/10.

Wahidullah (8:32PM)

- Keep it brief overview
- More discussion on judicial council appointments
- As I mentioned, for the following entirety of this month from october to mid quarter, working for objective of appointments and COC collaboration
- COC's interviews will begin free week of fall
- Trying to get at least a clarification for them so we can get appointments done fall quarter
- Noticed a lot of inactive BCUs
- Keeping track of them, confirming their dissolution and removal of websites
- Talking about judicial council appointments will be brought to senate floor preferably through closed discussion
- We have been collecting a lot of legal code feedback
- A lot of it seems to need to be updated or outdated
- Me and than working on omnibus bill to fix all that
- Helping to create more morale for support
- One of our ticket support members is leaving for UCLA, we helped create a card for him and plan to create more things like that
- Good to start that collab between us and other committees as well
- A lot of our staff members and BCUs have been inactive or difficult ot contact, working on a better contact system if anyone has a way to improve that
- Might recommend if you guys are also having a miscommunication issue
- Using google calendar is a great way
- Additional note
- Liaison committee right now, not doing event planning yet
- I'll be in charge of that
- Liaison meeting biweekly
- Emphasizing on staff appreciation, internal processes, clean up
- Groupme and slack are both being used for communication
- Overall this entirety is what we've been working on

Than

- Just want to say there's so much integral info in our report regarding staff and BCUs

- Integral if you guys want any updates
- Won't answer questions if it's in the report
- Questions regarding honoraria by staff
- Form was supposed to be sent this monday, want some clarification on that
- Some want duties of their positions drafted in chronological order, need their duties clarified
- Concerns about how COC is operated, very centralized, some boards are very reliant on COC's ability to fill those positions
- Sometimes COC won't let a board know, so a board will appoint their own
- Working on omnibus, america reads, CAB, etc
- Moving forward, the JC report, very quick and concise, also have our interview notes within JC report
- As per pro temp, I would highly suggest that we talk about JC appointments in closed discussion

Sussman
- Will go into closed session once we go into appointments
- In regards of honoraria, will also be dealing with it in appointments, honoraria comm didn't have any members

J-4) Standing Committee on Advocacy
Sunderrajan (8:39PM)
- Deciding to move forward with pardall light tunnel project and one other project
- Replacing them all and getting them all working
- Replacing with RJB lights, could correspond with holiday colors
- Second project is narcan project
- We'd be implementing 40 cabinets in all of the undergrad housing
- In residence halls as well as apartments
- The treasurer on our comm, spoke to RHJ?
- They said they're willing to maintain the stream of narcan if we set it up
- Even if it helps save one life, that's incredible, will make project worth it
- Even if someone isn't ODing, can still take Narcan with zero to little effects

Sussman
- Thank you, love those projects

Pascher
- Point of clarification
- Just to give brief update on how i'm participating in advocacy comm
- Attended meeting today and last one
- My goal, making a presentation about making department of legacy gauchos resolution that I've put forth
- Seeking advocacy committee's help in that regard

Sussman

- Thank you, all the work is very inspiring

Motion to unanimously consent to move back into Item G Action Items.
Passed via unanimous consent at 8:42PM.

J-5) Group Project and other Temporary Committee Reports-

K) Minutes and Allocations:

📁 To Be Approved

Pascher (9:23PM)
- What's the procedure if there's minutes I have contention with?

Holly Dunn
- You'd either have the option after that point to table the minutes and ask the entity to revise them, or motion to open them but that would take time
- Recommend to table the minutes with the issue

Pascher
- Honestly, just a slight procedural error so it's not significant

Motion to approve all minutes and allocations.
Pascher - Jiang
Call to question - Than
This motion passed at 9:26PM.

L) Discussion Items

M) Appointments and Resignations

Sussman
- What I'm trying to do as chair tonight is to follow procedure as much as possible
- I'm trying my best to follow rules and procedures
- Understand the frustration
- Moving forward, please keep in mind

<u>Office of the Internal Vice President</u>

Resignation of Tyler Ho as Internal Affairs Coordinator

Motion to approve Resignation of Tyler Ho as Internal Affairs Coordinator.
Ono - Pascher
Call to question - Jones

This motion passed at 9:28PM.

Luken
- Why can't we do all these together?

Sussman
- We need to reappoint Tyler to a new position and Valentina as internal affairs

Luken
- In theory we could bundle and approve everything?

Sussman
- No, several ones that we need to do one by one

Pascher
- Can we not bundle and approve all resignations first and then appoint subsequently?

Sussman
- In theory, I like that but specifically for honoraria committee there's some we need to do
- IVP Lala would like it separately
- Please check Lala's comments

Motion to approve all outstanding appointments in the Office of the Internal Vice President.
Pascher - Luken
Call to question - Than
This motion passed at 9:32PM.
